CERTIFICATE OF COVERAGE

Issued by

Cornell University

This Certificate of Coverage (“Certificate”) explains the benefits available to You under a Contract between Cornell University (hereinafter referred to as “We”, “Us” or “Our”) and You. Amendments, riders or endorsements may be delivered with the Certificate or added thereafter.

You have the right to return this Certificate. Examine it carefully. If You are not satisfied, You may return this Certificate to Us and ask Us to cancel it. Your request must be made in writing within ten (10) days from the date You receive this Certificate. We will refund any Premium paid including any Certificate fees or other charges.

This Certificate offers You the option to receive Covered Services on two benefit levels:

- 1. In-Network Benefits.** In-network benefits are the highest level of coverage available. In-network benefits apply when Your care is provided by Participating Providers in Our Aetna Student Health Network and Participating Pharmacies in Our OptumRx Network. You should always consider receiving health care services first through the Student Health Services on Your associated campus, if available, and then in the in-network benefits portion of this Certificate.
- 2. Out-of-Network Benefits.** The out-of-network benefits portion of this Certificate provides coverage when You receive Covered Services from Non-Participating Providers. Your out-of-pocket expenses will be higher when You receive out-of-network benefits. In addition to Cost-Sharing, You will also be responsible for paying any difference between the Allowed Amount and the Non-Participating Provider’s charge.

SECTION II

How Your Coverage Works

A. Your Coverage Under this Certificate.

We will provide the benefits described in this Certificate to covered Members of Cornell University and Weill Cornell Medicine, that is, to a Student. You should keep this Certificate with Your other important papers so that it is available for Your future reference.

B. Covered Services.

You will receive Covered Services under the terms and conditions of this Certificate only when the Covered Service is:

- Medically Necessary;
- Provided by a Participating Provider for in-network coverage;
- Listed as a Covered Service;
- Not in excess of any benefit limitations described in the Schedule of Benefits section of this Certificate; and
- Received while Your Certificate is in force.

C. Participating Providers.

To find out if a Provider is a Participating Provider:

- Check Our Provider directory, available at [Aetna Student Health](#);
- Call the number on Your ID card;
- Visit Our website at www.aetnastudenthealth.com; or
- Visit Our website at www.optumrx.com.

The Provider directory will give You the following information about Our Participating Providers:

- Name, address, and telephone number;
- Specialty;
- Board certification (if applicable);
- Languages spoken; and
- Whether the Participating Provider is accepting new patients.

You are only responsible for any In-Network Copayment, Deductible or Coinsurance that would apply to the Covered Services, and You are not responsible for any Non-Participating Provider charges that exceed Your In-Network Copayment, Deductible or Coinsurance, if You receive Covered Services from a Provider who is not a Participating Provider in the following situations:

- The Provider is listed as a Participating Provider in Our online Provider directory;
- Our paper Provider directory listing the Provider as a Participating Provider is incorrect as of the date of publication;
- We give You written notice that the Provider is a Participating Provider in response to Your telephone request for network status information about the

Provider; or

- We do not provide You with a written notice within one business day of Your telephone request for network status information.

D. The Role of Primary Care Physicians.

This Certificate requires that, if available, Student Health Services acts as a Primary Care Physician (“PCP”). Although You are encouraged to receive care from Your PCP, You do not need a Referral from Student Health Services or a PCP before receiving Specialist care.

For purposes of Cost-Sharing, if You seek services from a PCP (or a Physician covering for a PCP) who has a primary or secondary specialty other than general practice, family practice, internal medicine, pediatrics and OB/GYN, You must pay the specialty office visit Cost-Sharing in the Schedule of Benefits section of this Certificate when the services provided are related to specialty care.

E. Access to Providers and Changing Providers.

Sometimes Providers in Our Provider directory are not available. You should call the Provider to make sure he or she is a Participating Provider and is accepting new patients.

To see a Provider, call their office and tell the Provider that You are a Cornell University Student Health Plan and Aetna Member, and explain the reason for Your visit. Have Your ID card available. The Provider’s office may ask You for Your Member ID number. When You go to the Provider’s office, bring Your ID card with You.

To contact Your Provider after normal business hours, call the Provider’s office. You will be directed to Your provider, an answering machine with directions on how to obtain services, or another Provider. If You have an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911.

If We do not have a Participating Provider for certain provider types in the county in which You live or in a bordering county that is within approved time and distance standards, We will approve an authorization to a specific Non-Participating Provider until You no longer need the care or We have a Participating Provider in Our Network that meets the time and distance standards and Your care has been transitioned to that Participating Provider. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.

F. Out-of-Network Services.

We Cover the services of Non-Participating Providers. See the Schedule of Benefits section of this Certificate for the Non-Participating Provider services that are Covered. In any case where benefits are limited to a certain number of days or visits, such limits apply in the aggregate to in-network and out-of-network services.

G. Care Outside of the United States.

Claims incurred outside of the United States will be reimbursed at the Participating Provider level.

H. Services Subject to Preauthorization.

Our Preauthorization is required before You receive certain Covered Services. Student Health Services or Your Participating Provider is responsible for requesting Preauthorization for in-network services and You are responsible for requesting Preauthorization for the out-of-network services listed in the Schedule of Benefits section of this Certificate.

I. Preauthorization Procedure.

If You seek coverage for services that require Preauthorization, You, Your Provider, or Student Health Services must call Us at the number on Your ID card.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

J. Medical Management.

The benefits available to You under this Certificate are subject to pre-service, concurrent and retrospective reviews to determine when services should be Covered by Us. The purpose of these reviews is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place the services are performed. Covered Services must be Medically Necessary for benefits to be provided.

K. Medical Necessity.

We Cover benefits described in this Certificate as long as the health care service, procedure, treatment, test, device, Prescription Drug or supply (collectively, "service") is Medically Necessary. The fact that a Provider has furnished, prescribed, ordered, recommended, or approved the service does not make it Medically Necessary or mean that We have to Cover it.

We may base Our decision on a review of:

- Your medical records;
- Our medical policies and clinical guidelines;
- Medical opinions of a professional society, peer review committee or other groups of Physicians;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally recognized health care organizations that include supporting scientific data;
- Professional standards of safety and effectiveness, which are generally recognized in the United States for diagnosis, care, or treatment;
- The opinion of Health Care Professionals in the generally recognized health

specialty involved;

- The opinion of the attending Providers, which have credence but do not overrule contrary opinions.

Services will be deemed Medically Necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;
- They are required for the direct care and treatment or management of that condition;
- Your condition would be adversely affected if the services were not provided;
- They are provided in accordance with generally accepted standards of medical practice;
- They are not primarily for the convenience of You, Your family, or Your Provider;
- They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results;
- When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting. For example, We will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a Hospital if the drug could be provided in a Physician's office or the home setting.

See the Utilization Review and External Appeal sections of this Certificate for Your right to an internal Appeal and external appeal of Our determination that a service is not Medically Necessary.

L. Protection from Surprise Bills.

1. A surprise bill is a bill You receive for Covered Services in the following circumstances:

- For services performed by a non-participating Provider at a participating Hospital or Ambulatory Surgical Center, when:
 - A participating Provider is unavailable at the time the health care services are performed;
 - A non-participating Provider performs services without Your knowledge; or
 - Unforeseen medical issues or services arise at the time the health care services are performed.

A surprise bill does not include a bill for health care services when a participating Provider is available and You elected to receive services from a non-participating Provider.

- You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
 - Covered Services are performed by a Non-Participating Provider in the

- participating Physician's office or practice during the same visit;
- The participating Physician sends a specimen taken from You in the participating Physician's office to a non-participating laboratory or pathologist; or
- For any other Covered Services performed by a Non-Participating Provider at the participating Physician's request, when Referrals are required under Your Certificate.

You will be held harmless for any Non-Participating Provider charges for the surprise bill that exceed Your In-Network Copayment, Coinsurance or Deductible. The Non-Participating Provider may only bill You for Your In-Network Copayment, Deductible or Coinsurance. You can sign a form to let Us and the Non-Participating Provider know You received a surprise bill.

The form for surprise bills is available at www.dfs.ny.gov or You can visit Our website at www.aetnastudenthealth.com for a copy of the form. You need to mail a copy of the form to Us at the address on Your ID card and to Your Provider.

- 2. Independent Dispute Resolution Process.** Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity ("IDRE") assigned by the state. Disputes are submitted by completing the IDRE application form, which can be found at www.dfs.ny.gov. The IDRE will determine whether Our payment or Provider's charge is reasonable within 30 days of receiving the dispute.

M. Delivery of Covered Services Using Telehealth.

If Your Participating Provider offers Covered Services using telehealth, We will not deny the Covered Services because they are delivered using telehealth. Covered Services delivered using telehealth may be subject to utilization review and quality assurance requirements and other terms and conditions of the Certificate that are at least as favorable as those requirements for the same service when not delivered using telehealth. "Telehealth" means the use of electronic information and communication technologies, including telephone or video using smart phones or other devices, by a Participating Provider to deliver Covered Services to You while Your location is different than Your Provider's location.

N. Case Management.

Case management helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health

care needs. This is reached through contact and teamwork with You and/or Your authorized representative, treating Physician(s), and other Providers. In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care through Our case management program that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Certificate. We will make Our decision on a case-by-case basis if We determine the alternate or extended benefit is in the best interest of You and Us.

Nothing in this provision shall prevent You from appealing Our decision. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

SECTION III

Access to Care and Transitional Care

A. Authorization to a Non-Participating Provider.

If We determine that We do not have a Participating Provider that has the appropriate training and experience to treat Your condition, We will approve an authorization to an appropriate Non-Participating Provider. Your Participating Provider or You must request prior approval of the authorization to a specific Non-Participating Provider. Approvals of authorizations to Non-Participating Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Non-Participating Provider You requested. If We approve the authorization, all services performed by the Non-Participating Provider are subject to a treatment plan approved by Us in consultation with Your PCP or Student Health Services, the Non-Participating Provider and You. Covered Services rendered by the Non-Participating Provider will be covered as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. In the event an authorization is not approved, any services rendered by a Non-Participating Provider will be Covered as an out-of-network benefit if available.

B. When Your Provider Leaves the Network.

If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider's contractual obligation to provide services to You terminates. If You are pregnant, You may continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

The Provider must accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also provide Us necessary medical information related to Your care and adhere to our policies and procedures, including those for assuring quality of care, obtaining Preauthorization, authorizations, and a treatment plan approved by Us. You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable In-Network Copayment, Deductible, or Coinsurance. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider's ability to practice, continued treatment with that Provider is not available.

C. New Members In a Course of Treatment.

If You are in an ongoing course of treatment with a Non-Participating Provider when Your coverage under this Certificate becomes effective, You may be able to receive Covered Services for the ongoing treatment from the Non-Participating Provider for up to 60 days from the effective date of Your coverage under this Certificate. This course of treatment must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a Non-Participating

Provider if You are in the second or third trimester of a pregnancy when Your coverage under this Certificate becomes effective. You may continue care through delivery and any post-partum services directly related to the delivery.

In order for You to continue to receive Covered Services for up to 60 days or through pregnancy, the Non-Participating Provider must agree to accept as payment Our fees for such services. The Provider must also agree to provide Us necessary medical information related to Your care and to adhere to Our policies and procedures including those for assuring quality of care, obtaining Preauthorization, Referrals, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.

SECTION IV

Cost-Sharing Expenses and Allowed Amount

A. Deductible.

Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Certificate for Covered out-of-network Services during each Plan Year before We provide coverage.

You have a separate In-Network and Out-of-Network Deductible. Cost-Sharing for out-of-network services does not apply toward Your In-Network Deductible. Cost-Sharing for in-network services does not apply toward Your Out-of-Network Deductible. **Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward the Deductible.**

There is no Deductible for Covered In-Network Services under this Certificate during each Plan Year.

B. Copayments.

Except where stated otherwise, after You have satisfied the Deductible as described above, You must pay the Copayments, or fixed amounts, in the Schedule of Benefits section of this Certificate for Covered in-network and out-of-network Services. However, when the Allowed Amount for a service is less than the Copayment, You are responsible for the lesser amount.

C. Coinsurance.

Except where stated otherwise, after You have satisfied the Deductible described above, You must pay a percentage of the Allowed Amount for Covered Services. We will pay the remaining percentage of the Allowed Amount as Your in-network or out-of-network benefit as shown in the Schedule of Benefits section of this Certificate. **You must also pay any charges of a Non-Participating Provider that are in excess of the Allowed Amount.**

D. In-Network Out-of-Pocket Limit.

When You have met Your In-Network Out-of-Pocket Limit in payment of In-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered in-network Services for the remainder of that Plan Year.

Cost-Sharing for out-of-network services, except for Emergency Services, and out-of-network services approved by Us as an in-network exception, does not apply toward Your In-Network Out-of-Pocket Limit.

E. Out-of-Network Out-of-Pocket Limit.

This Certificate has a separate Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate for out-of-network benefits. When You have met Your Out-of-Network Out-of-Pocket Limit in payment of Out-of-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the remainder of that Plan Year. **Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward Your Out-of-Network Out-of-Pocket Limit.**

Cost-Sharing for in-network services does not apply toward Your Out-of-Network Out-of-Pocket Limit.

F. Your Additional Payments for Out-of-Network Benefits.

When You receive Covered Services from a Non-Participating Provider, in addition to the applicable Copayments, Deductibles and Coinsurance described in the Schedule of Benefits section of this Certificate, You must also pay the amount, if any, by which the Non-Participating Provider's actual charge exceeds Our Allowed Amount. This means that the total of Our coverage and any Cost-Sharing amounts You pay may be less than the Non-Participating Provider's actual charge.

When You receive Covered Services from a Non-Participating Provider, We will apply nationally-recognized payment rules to the claim submitted for those services. These rules evaluate the claim information and determine the accuracy of the procedure codes and diagnosis codes for the services You received. Sometimes, applying these rules will change the way that We pay for the services. This does not mean that the services were not Medically Necessary. It only means that the claim should have been submitted differently. For example, Your Provider may have billed using several procedure codes when there is a single code that includes all of the separate procedures. We will make one (1) inclusive payment in that case rather than a separate payment for each billed code. Another example of when We will apply the payment rules to a claim is when You have surgery that involves two (2) surgeons acting as "co-surgeons". Under the payment rules, the claim from each Provider should have a "modifier" on it that identifies it as coming from a co-surgeon. If We receive a claim that does not have the correct modifier, We will change it and make the appropriate payment.

G. Allowed Amount.

"Allowed Amount" means the maximum amount We will pay for the services or supplies Covered under this Certificate, before any applicable Copayment, Deductible and Coinsurance amounts are subtracted. We determine Our Allowed Amount as follows:

The Allowed Amount for Participating Providers will be the amount We have negotiated with the Participating Provider.

Our payments to Participating Providers may include financial incentives to help

improve the quality or coordination of care and promote the delivery of Covered Services in a cost-efficient manner. Payments under this financial incentive program are not made as payment for a specific Covered Service provided to You. Your Cost-Sharing will not change based on any payments made to or received from Participating Providers as part of the financial incentive program.

The Allowed Amount for Non-Participating Providers will be determined as follows:

1. Facilities.

For Facilities, the Allowed Amount will be a rate based on information provided by a third-party vendor, which may reflect one (1) or more of the following factors: 1) the complexity or severity of treatment; 2) level of skill and experience required for the treatment; or 3) comparable Providers' fees and costs to deliver care.

Our Allowed Amount for non-participating Facilities equates to approximately 70% of UCR. For this purpose, UCR is the FAIR Health rate at the 80th percentile.

2. For All Other Providers.

For all other Providers, the Allowed Amount will be the Fair Health rate at the 80th percentile.

For Durable Medical Equipment, a prosthetic device or implant, if there is no code listed or source pricing, the Allowed Amount will be 1.3 times the manufacturers' invoice price.

3. Physician-Administered Pharmaceuticals.

For Physician-administered pharmaceuticals, We use gap methodologies that are similar to the pricing methodology used by the Centers for Medicare and Medicaid Services, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or Us based on an internally developed pharmaceutical pricing resource if the other methodologies have no pricing data available for a Physician-administered pharmaceutical or special circumstances support an upward adjustment to the other pricing methodology.

The Non-Participating Provider's actual charge may exceed Our Allowed Amount. You must pay the difference between Our Allowed Amount and the Non-Participating Provider's charge. Contact Us at the number on Your ID card for information on Your financial responsibility when You receive services from a Non-Participating Provider.

See the Emergency Services and Urgent Care section of this Certificate for the Allowed Amount for Emergency Services rendered by Non-Participating Providers. See the Ambulance and Pre-Hospital Emergency Medical Services section of this Certificate for

the Allowed Amount for Pre-Hospital Emergency Medical Services rendered by Non-Participating Providers.

Ambulance and Pre-Hospital Emergency Medical Services

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits. Pre-Hospital Emergency Medical Services and ambulance services for the treatment of an Emergency Condition do not require Preauthorization.

A. Emergency Ambulance Transportation.

- 1. Pre-Hospital Emergency Medical Services.** We Cover Pre-Hospital Emergency Medical Services worldwide for the treatment of an Emergency Condition when such services are provided by an ambulance service.

“Pre-Hospital Emergency Medical Services” means the prompt evaluation and treatment of an Emergency Condition and/or non-airborne transportation to a Hospital. The services must be provided by an ambulance service issued a certificate under the New York Public Health Law. We will, however, only Cover transportation to a Hospital provided by such an ambulance service when a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

An ambulance service must hold You harmless and may not charge or seek reimbursement from You for Pre-Hospital Emergency Medical Services except for the collection of any applicable Copayment, Deductible, or Coinsurance.

In the absence of negotiated rates, We will pay a Non-Participating Provider the usual and customary charge for Pre-Hospital Emergency Medical Services, which shall not be excessive or unreasonable. The usual and customary charge for Pre-Hospital Emergency Medical Services is the lesser of the FAIR Health rate at the 80th percentile calculated using the place of pickup or the Provider’s billed charges.

- 2. Emergency Ambulance Transportation.** In addition to Pre-Hospital Emergency Medical Services, We also Cover emergency ambulance transportation worldwide by a licensed ambulance service (either ground, water or air ambulance) to the nearest Hospital where Emergency Services can be performed. This coverage includes emergency ambulance transportation to a

Hospital when the originating Facility does not have the ability to treat Your Emergency Condition.

B. Non-Emergency Ambulance Transportation.

We Cover non-emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as appropriate) between Facilities when the transport is any of the following:

- From a non-participating Hospital to a participating Hospital;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective Acute care Facility; or
- From an Acute care Facility to a sub-Acute setting.

C. Limitations/Terms of Coverage.

- We do not Cover travel or transportation expenses, unless connected to an Emergency Condition or due to a Facility transfer approved by Us, even though prescribed by a Physician.
- We do not Cover non-ambulance transportation such as ambulette, van or taxi cab.
- Coverage for air ambulance related to an Emergency Condition or air ambulance related to non-emergency transportation is provided when Your medical condition is such that transportation by land ambulance is not appropriate; and Your medical condition requires immediate and rapid ambulance transportation that cannot be provided by land ambulance; and one (1) of the following is met:
 - The point of pick-up is inaccessible by land vehicle; or
 - Great distances or other obstacles (e.g., heavy traffic) prevent Your timely transfer to the nearest Hospital with appropriate facilities.

D. Payments for Air Ambulance Services.

We will pay a Non-Participating Provider the amount We have negotiated with the Non-Participating Provider for the air ambulance service an amount We have determined is reasonable for the air ambulance service. However the amount We determine is reasonable will not exceed the Non-Participating Provider's charge.

If a dispute involving a payment for air ambulance services is submitted to an independent dispute resolution entity, We will pay the amount, if any, determined by the IDRE for the air ambulance services.

You are responsible for any In-Network Cost-Sharing. You will be held harmless for any Non-Participating Provider charges that exceed Your In-Network Copayment, Deductible or Coinsurance. If You receive a bill from a Non-Participating Provider that is more than Your In-Network Copayment, Deductible or Coinsurance, You should contact Us. Visit Our website at www.aetnastudenthealth.com or www.dfs.ny.gov for more information on the independent dispute resolution process for air ambulance bills.

SECTION VIII

Emergency Services and Urgent Care

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits.

A. Emergency Services.

We Cover Emergency Services for the treatment of an Emergency Condition in a Hospital.

We define an “**Emergency Condition**” to mean: A medical or behavioral condition that manifests itself by Acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

For example, an Emergency Condition may include, but is not limited to, the following conditions:

- Severe chest pain
- Severe or multiple injuries
- Severe shortness of breath
- Sudden change in mental status (e.g., disorientation)
- Severe bleeding
- Acute pain or conditions requiring immediate attention such as suspected heart attack or appendicitis
- Poisonings
- Convulsions

Coverage of Emergency Services for treatment of Your Emergency Condition will be provided regardless of whether the Provider is a Participating Provider. We will also Cover Emergency Services to treat Your Emergency Condition worldwide. However, We will Cover only those Emergency Services and supplies that are Medically Necessary and are performed to treat or stabilize Your Emergency Condition in a Hospital.

Please follow the instructions listed below regardless of whether or not You are in Our Service Area at the time Your Emergency Condition occurs:

- 1. Hospital Emergency Department Visits.** In the event that You require

treatment for an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911. Emergency Department Care does not require Preauthorization. **However, only Emergency Services for the treatment of an Emergency Condition are Covered in an emergency department.** If You are uncertain whether a Hospital emergency department is the most appropriate place to receive care, You can call Us before You seek treatment.

We do not Cover follow-up care or routine care provided in a Hospital emergency department.

2. Emergency Hospital Admissions.

We cover inpatient Hospital services following Emergency Department Care at a non-participating Hospital at the in-network Cost-Sharing. If Your medical condition permits Your transfer to a participating Hospital, We will notify You and work with You to arrange the transfer.

3. Payments Relating to Emergency Services. We will pay a Non-Participating Provider the amount We have negotiated with the Non-Participating Provider for the Emergency Service or an amount We have determined is reasonable for the Emergency Service. However, the negotiated amount or the amount We determine is reasonable will not exceed the Non-Participating Provider's charge.

If a dispute involving a payment for Emergency Services is submitted to an independent dispute resolution entity ("IDRE"), We will pay the amount, if any, determined by the IDRE for the services.

You are responsible for any In-Network Copayment, Deductible or Coinsurance. You will be held harmless for any Non-Participating Provider charges that exceed Your Copayment, Deductible or Coinsurance. The Non-Participating Provider may only bill You for Your In-Network Copayment, Deductible or Coinsurance. If You receive a bill from a Non-Participating Provider that is more than Your In-Network Copayment, Deductible, or Coinsurance, You should contact Us.

B. Urgent Care.

Urgent Care is medical care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require Emergency Department Care. Urgent Care is typically available after normal business hours, including evenings and weekends. If You need care after normal business hours, including evenings, weekends or holidays, You have options. You can call Your Student Health Services, if applicable, or Your Provider, for instructions or visit an Urgent Care Center. If You have an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911. **Urgent Care is Covered in or out of Our Service Area.**

1. In-Network. We Cover Urgent Care from a participating Physician or a

participating Urgent Care Center.

- 2. Out-of-Network.** We Cover Urgent Care from a non-participating Urgent Care Center or Physician. However, You must obtain Preauthorization from Us for services to be covered at the in-network Cost-Sharing. Please contact Us at the number on Your ID card and You will be provided with instructions. We are available 24 hours a day, seven (7) days a week to help You in urgent medical situations.

If Urgent Care results in an emergency admission, please follow the instructions for Emergency Hospital Admissions described above.

Any Rehabilitation or Habilitation Services received under this benefit will not reduce the amount of services available under the Rehabilitation or Habilitation Services benefits.

K. Infertility Treatment.

B. Refills.

We Cover Refills of Prescription Drugs only when dispensed at a retail or designated pharmacy as ordered by an authorized Provider. Benefits for Refills will not be provided beyond one (1) year from the original prescription date. For prescription eye drop

medication, We allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early Refill of renewals. To the extent practicable, the quantity of eye drops in the early Refill will be limited to the amount remaining on the dosage that was initially dispensed. Your Cost-Sharing for the limited Refill is the amount that applies to each prescription or Refill as set forth in the Schedule of Benefits section of this Certificate.

C. Benefit and Payment Information.

- 1. Cost-Sharing Expenses** You are responsible for paying the costs outlined in the Schedule of Benefits section of this Certificate when Covered Prescription Drugs are obtained from a retail or designated pharmacy.

You have a three (3) tier plan design, which means that Your out-of-pocket expenses will generally be lowest for Prescription Drugs on tier 1 and highest for Prescription Drugs on tier 3. Your out-of-pocket expense for Prescription Drugs on tier 2 will generally be more than for tier 1 but less than tier 3.

For most Prescription Drugs, You pay only the Cost-Sharing in the Schedule of Benefits. An additional charge, called an “ancillary charge,” may apply to some Prescription Drugs when a Prescription Drug on a higher tier is dispensed at Your or Your Provider’s request and Our formulary includes a chemically equivalent Prescription Drug on a lower tier. You will pay the difference between the full cost of the Prescription Drug on the higher tier and the cost of the Prescription Drug on the lower tier. The cost difference is not Covered and must be paid by You in addition to the lower tier Cost-Sharing. If Your Provider thinks that a chemically equivalent Prescription Drug on a lower tier is not clinically appropriate, You, Your designee or Your Provider may request that We approve coverage at the higher tier Cost-Sharing. If approved, You will pay the higher tier Cost-Sharing only. If We do not approve coverage at the higher tier Cost-Sharing, You are entitled to an Appeal as outlined in the Utilization Review and External Appeal sections of this Certificate. The request for an approval should include a statement from Your Provider that the Prescription Drug at the lower tier is not clinically appropriate (e.g., it will be or has been ineffective or would have adverse effects.) We may also request clinical documentation to support this statement. If We do not approve coverage for the Prescription Drug on the higher tier, the ancillary charge will not apply toward Your In-Network Out-of-Pocket Limit.

You are responsible for paying the full cost (the amount the pharmacy charges You) for any non-Covered Prescription Drug, and Our contracted rates (Our Prescription Drug Cost) will not be available to You.

- 2. Participating Pharmacies.** For Prescription Drugs purchased at a retail or designated Participating Pharmacy, You are responsible for paying the lower of:
 - The applicable Cost-Sharing; or
 - The Prescription Drug Cost for that Prescription Drug.

(Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

- 3. Non-Participating Pharmacies.** If You purchase a Prescription Drug from a Non-Participating Pharmacy, You must pay for the Prescription Drug at the time it is dispensed and then file a claim for reimbursement with Us. We will not reimburse You for the difference between what You pay the Non-Participating Pharmacy and Our price for the Prescription Drug. In most cases, You will pay more if You purchase Prescription Drugs from a Non-Participating Pharmacy.
- 4. Designated Pharmacies.** If You require certain Prescription Drugs including, but not limited to specialty Prescription Drugs, We may direct You to a Designated Pharmacy with whom We have an arrangement to provide those Prescription Drugs.

Generally, specialty Prescription Drugs are Prescription Drugs that are approved to treat limited patient populations or conditions; are normally injected, infused or require close monitoring by a Provider; or have limited availability, special dispensing and delivery requirements and/or require additional patient supports.

If You are directed to a Designated Pharmacy and You choose not to obtain Your Prescription Drug from a Designated Pharmacy, Your coverage will be subject to the out-of-network benefit for that Prescription Drug.

Tier Status.** The tier status of a Prescription Drug may change periodically, but no more than four (4) times per Plan Year, or when a Brand-Name Drug becomes available as a Generic Drug as described below, based on Our tiering decisions. These changes may occur without prior notice to You. However, if You have a prescription for a drug that is being moved to a higher tier or is being removed from Our Formulary, We will notify You at least 30 days before the change is effective. When such changes occur, Your Cost-Sharing may change. You may also request a Formulary exception for a Prescription Drug that is no longer on the Formulary as outlined below and in the External Appeal section of this Certificate. You may access the most up to date tier status on Our website at www.optumrx.com or by calling the number on Your ID card.
- 6. When a Brand-Name Drug Becomes Available as a Generic Drug.** When a Brand-Name Drug becomes available as a Generic Drug, the tier placement of the Brand-Name Prescription Drug may change. If this happens, You will pay the Cost-Sharing applicable to the tier to which the Prescription Drug is assigned or the Brand-Name Drug will be removed from the Formulary and You no longer have benefits for that particular Brand-Name Drug. Please note, if You are taking a Brand-Name Drug that is being excluded or placed on a higher tier due to a Generic Drug becoming available, You will receive 30 days' advance written notice of the change before it is effective. You may request a Formulary exception for a Prescription Drug that is no longer on the Formulary as outlined below and in the External Appeal section of this Certificate.
- 7. Formulary Exception Process.** If a Prescription Drug is not on Our Formulary You, Your designee or Your prescribing Health Care Professional may request a Formulary exception for a clinically-appropriate Prescription Drug in writing, electronically or telephonically. The request should include a statement from Your prescribing Health Care Professional that all Formulary drugs will be or have been ineffective, would not be as effective as the non-Formulary drug, or would have adverse effects. If coverage is denied under Our standard or expedited Formulary exception process, You are entitled to an external appeal as outlined in the External Appeal section of this Certificate. Visit Our website at

www.optumrx.com or call the number on Your ID card to find out more about this process.

Standard Review of a Formulary Exception. We will make a decision and notify You or Your designee and the prescribing Health Care Professional by telephone and in writing no later than 72 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

Expedited Review of a Formulary Exception. If You are suffering from a health condition that may seriously jeopardize Your health, life or ability to regain maximum function or if You are undergoing a current course of treatment using a non-Formulary Prescription Drug, You may request an expedited review of a Formulary exception. The request should include a statement from Your prescribing Health Care Professional that harm could reasonably come to You if the requested drug is not provided within the timeframes for Our standard Formulary exception process. We will make a decision and notify You or Your designee and the prescribing Health Care Professional by telephone and in writing no later than 24 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-Formulary Prescription Drug.

8. **Supply Limits.** Except for contraceptive drugs, devices, or products, We will pay for no more than a 30-day supply of a Prescription Drug purchased at a retail pharmacy. You are responsible for one (1) Cost-Sharing amount for up to a 90-day supply. However, for Maintenance Drugs We will pay for up to a 90-day supply of a drug purchased at a retail pharmacy. You are responsible for up to three (3) Cost-Sharing amounts for a 90-day supply at a retail pharmacy.

You may have the entire supply (of up to 12 months) of the contraceptive drug, device or product dispensed at the same time. Contraceptive drugs, devices, or products are not subject to Cost-Sharing when provided by a Participating Pharmacy.

Specialty Prescription Drugs may be limited to a 30-day supply when obtained at a retail pharmacy. You may access Our website www.optumrx.com or by calling the number on Your ID card for more information on supply limits for specialty Prescription Drugs.

Some Prescription Drugs may be subject to quantity limits based on criteria that We have developed, subject to Our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply. You can determine whether a Prescription Drug has been assigned a maximum quantity level for dispensing by

accessing Our website or by calling the number on Your ID card. If We deny a request to Cover an amount that exceeds Our quantity level, You are entitled to an Appeal pursuant to the Utilization Review and External Appeal sections of this Certificate.

- 9. Initial Limited Supply of Prescription Opioid Drugs.** If you receive an initial limited prescription for a seven (7) day supply or less of any schedule II, III, or IV opioid prescribed for Acute pain, and You have a Copayment, Your Copayment will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If You receive an additional supply of the Prescription Drug within the same 30-day period in which You received the seven (7) day supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.
- 10. Cost-Sharing for Orally-Administered Anti-Cancer Drugs.** Your Cost-Sharing for orally-administered anti-cancer drugs is at least as favorable to You as the Cost-Sharing amount, if any, that applies to intravenous or injected anticancer medications Covered under the Outpatient and Professional Services section of this Certificate.

D. Medical Management.

This Certificate includes certain features to determine when Prescription Drugs should be Covered, which are described below. As part of these features, Your prescribing Provider may be asked to give more details before We can decide if the Prescription Drug is Medically Necessary.

- 1. Step Therapy.** Step therapy is a process in which You may need to use one (1) or more types of Prescription Drugs before We will Cover another as Medically Necessary. A “step therapy protocol” means Our policy, protocol or program that establishes the sequence in which We approve Prescription Drugs for Your medical condition. When establishing a step therapy protocol, We will use recognized evidence-based and peer reviewed clinical review criteria that also takes into account the needs of atypical patient populations and diagnoses. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost-effective Prescription Drugs. The Prescription Drugs that require Preauthorization under the step therapy program are also included on the Preauthorization drug list. If a step therapy protocol is applicable to Your request for coverage of a Prescription Drug, You, Your designee, or Your Health Care Professional can request a step therapy override determination as outlined in the Utilization Review section of this Certificate.
- 2. Therapeutic Substitution.** Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed drugs. We may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You.

We have a therapeutic drug substitutes list, which We review and update from time to time. For questions or issues about therapeutic drug substitutes, visit Our website at www.optumrx.com or by calling the number on Your ID card.

E. Limitations/Terms of Coverage.

1. We reserve the right to limit quantities, day supply, early Refill access and/or duration of therapy for certain medications based on Medical Necessity including acceptable medical standards and/or FDA recommended guidelines.
2. If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies and prescribing Providers may be limited. If this happens, We may require You to select a single Participating Pharmacy and single Provider that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating Pharmacy. Benefits will be paid only if Your Prescription Order or Refills are written by the selected Provider or a Provider authorized by Your selected provider. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy or prescribing Provider for You..
3. Various specific and/or generalized “use management” protocols will be used from time to time in order to ensure appropriate utilization of medications. Such protocols will be consistent with standard medical/drug treatment guidelines. The primary goal of the protocols is to provide Our Members with a quality-focused Prescription Drug benefit. In the event a use management protocol is implemented, and You are taking the drug(s) affected by the protocol, You will be notified in advance.
4. Injectable drugs (other than self-administered injectable drugs) and diabetic insulin, oral hypoglycemics, and diabetic supplies and equipment are not Covered under this section but are Covered under other sections of this Certificate.

6. We do not Cover drugs that do not by law require a prescription, except for smoking cessation drugs, over-the-counter preventive drugs or devices provided in accordance with the comprehensive guidelines supported by HRSA or with an “A” or “B” rating from USPSTF, or as otherwise provided in this Certificate. We do not Cover Prescription Drugs that have over-the-counter non-prescription equivalents, except if specifically designated as Covered in the drug Formulary. Non-prescription equivalents are drugs available without a prescription that have the same name/chemical entity as their prescription counterparts. We do not

Cover repackaged products such as therapeutic kits or convenience packs that contain a Covered Prescription Drug unless the Prescription Drug is only available as part of a therapeutic kit or convenience pack. Therapeutic kits or convenience packs contain one or more Prescription Drug(s) and may be packaged with over-the-counter items, such as gloves, finger cots, hygienic wipes or topical emollients.

7. We do not Cover Prescription Drugs to replace those that may have been lost or stolen.
8. We do not Cover Prescription Drugs dispensed to You while in a Hospital, nursing home, other institution, Facility, or if You are a home care patient, except in those cases where the basis of payment by or on behalf of You to the Hospital, nursing home, Home Health Agency or home care services agency, or other institution, does not include services for drugs.
9. We reserve the right to deny benefits as not Medically Necessary or experimental or investigational for any drug prescribed or dispensed in a manner contrary to standard medical practice. If coverage is denied, You are entitled to an Appeal as described in the Utilization Review and External Appeal sections of this Certificate.

F. General Conditions.

1. You must show Your ID card to a retail pharmacy at the time You obtain Your Prescription Drug or You must provide the pharmacy with identifying information that can be verified by Us during regular business hours.
2. **Drug Utilization, Cost Management and Rebates.** We conduct various utilization management activities designed to ensure appropriate Prescription Drug usage, to avoid inappropriate usage, and to encourage the use of cost-effective drugs. Through these efforts, You benefit by obtaining appropriate Prescription Drugs in a cost-effective manner. The cost savings resulting from these activities are reflected in the Premiums for Your coverage.

We may also, from time to time, enter into agreements that result in Us receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others. Any rebates are based upon utilization of Prescription Drugs across all of Our business and not solely on any one Member’s utilization of Prescription Drugs. Any rebates received by Us may or may not be applied, in whole or part, to reduce premiums either through an adjustment to claims costs or as an adjustment to the administrative expenses component of Our Prescription Drug premiums. Any such rebates may be retained by Us, in whole or part, in order to fund such activities as new utilization management activities, community benefit activities and increasing reserves for the protection of Members. Rebates will not change or reduce the amount of any Copayment or Coinsurance applicable under Our Prescription Drug coverage.

 - You have tried the required Prescription Drug(s) while covered by Us or under Your previous health insurance coverage, or another Prescription Drug in the same pharmacologic class or with the same mechanism of action, and that Prescription Drug(s) was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;
 - You are stable on a Prescription Drug(s) selected by Your Health Care Professional for Your medical condition, provided this does not prevent Us from requiring You to try an AB-rated generic equivalent; or
 - The required Prescription Drug(s) is not in Your best interest because it will likely cause a significant barrier to Your adherence to or compliance with Your plan of care, will likely worsen a comorbid condition, or will likely decrease Your ability to achieve or maintain reasonable functional ability in performing daily activities.
- 2. Standard Review.** We will make a step therapy protocol override determination and provide notification to You (or Your designee) and where appropriate, Your Health Care Professional, within 72 hours of receipt of the supporting rationale and documentation.

- 3. Expedited Review.** If You have a medical condition that places Your health in serious jeopardy without the Prescription Drug prescribed by Your Health Care Professional, We will make a step therapy protocol override determination and provide notification to You (or Your designee) and Your Health Care Professional within 24 hours of receipt of the supporting rationale and documentation.

If the required supporting rationale and documentation are not submitted with a step therapy protocol override determination request, We will request the information within 72 hours for Preauthorization and retrospective reviews, the lesser of 72 hours or one (1) business day for concurrent reviews, and 24 hours for expedited reviews. You or Your Health Care Professional will have 45 calendar days to submit the information for Preauthorization, concurrent and retrospective reviews, and 48 hours for expedited reviews. For Preauthorization reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For concurrent reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours or one (1) business day of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For retrospective reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For expedited reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 24 hours of Our receipt of the information or 48 hours of the end of the 48-hour period if the information is not received.

If We do not make a determination within 72 hours (or 24 hours for expedited reviews) of receipt of the supporting rationale and documentation, the step therapy protocol override request will be approved.

If We determine that the step therapy protocol should be overridden, We will authorize immediate coverage for the Prescription Drug prescribed by Your treating Health Care Professional. An adverse step therapy override determination is eligible for an Appeal.

G. Reconsideration.

If We did not attempt to consult with Your Provider who recommended the Covered Service before making an adverse determination, the Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination or a designated clinical peer reviewer if the original clinical peer reviewer is unavailable. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.

H. Utilization Review Internal Appeals.

You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling Your Appeal and, if necessary, inform You of any additional information needed before a decision can be made. The Appeal will be decided by a clinical peer reviewer who is not subordinate to the clinical peer reviewer who made the initial adverse determination and who is 1) a Physician or 2) a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue.

1. **Out-of-Network Service Denial.** You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
 - A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
 - Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

2. **Out-of-Network Authorization Denial.** You also have the right to Appeal the denial of a request for an authorization to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service. For a Utilization Review Appeal of an out-of-network authorization denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:
 - That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and

- Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

I. Standard Appeal.

1. **Preauthorization Appeal.** If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.
2. **Retrospective Appeal.** If Your Appeal relates to a retrospective claim, We will decide the Appeal within the earlier of 30 calendar days of receipt of the information necessary to conduct the Appeal or 60 days of receipt of the Appeal. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 60 calendar days after receipt of the Appeal request.
3. **Expedited Appeal.** An Appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal. Written notice of the determination will be provided to You (or Your designee) within 24 hours after the determination is made, but no later than 72 hours after receipt of the Appeal request.

If You are not satisfied with the resolution of Your expedited Appeal, You may file a standard internal Appeal or an external appeal.

Our failure to render a determination of Your Appeal within 30 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

4. **Substance Use Appeal.** If We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from

an inpatient admission, and You or Your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file the expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external appeal is pending.

J. Full and Fair Review of an Appeal.

We will provide You, free of charge, with any new or additional evidence considered, relied upon, or generated by Us or any new or additional rationale in connection with Your Appeal. The evidence or rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final adverse determination is required to be provided to give You a reasonable opportunity to respond prior to that date.

SECTION XXIII

External Appeal

A. Your Right to an External Appeal.

In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medically Necessary (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two (2) requirements:

- The service, procedure, or treatment must otherwise be a Covered Service under this Certificate; and
- In general, You must have received a final adverse determination through Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through Our internal Appeal process if:
 - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
 - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
 - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right to Appeal a Determination that a Service is Not Medically Necessary.

If We have denied coverage on the basis that the service is not Medically Necessary, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your Right to Appeal a Determination that a Service is Experimental or Investigational.

If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; or

2. There does not exist a more beneficial standard service or procedure Covered by Us; or
3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation – Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or
2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or
3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network or that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. Your Right to Appeal a Determination that a Service is Out-of-Network.

If We have denied coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above, and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your Right to Appeal an Out-of-Network Authorization Denial to a Non-Participating Provider.

If We have denied coverage of a request for an authorization to a Non-Participating

Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.

In addition, Your attending Physician must: 1) certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and 2) recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your Right to Appeal a Formulary Exception Denial.

If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug Coverage section of this Certificate for more information on the formulary exception process.

G. The External Appeal Process.

You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of

Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

If Your internal formulary exception request received a standard review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional by telephone within 72 hours of receipt of Your completed application. The External Appeal Agent will notify You or Your designee and the prescribing Health Care Professional in writing within two (2) business days of making a determination. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

If Your internal formulary exception request received an expedited review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional by telephone within 24 hours of receipt of Your completed application. The External Appeal Agent will notify You or Your designee and the prescribing Health Care Professional in writing within 72 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-formulary Prescription Drug.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment or an out-of-network treatment, We will provide coverage subject to the other terms and conditions of this Certificate. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the

research, or costs that would not be Covered under this Certificate for non-investigational treatments provided in the clinical trial.

The External Appeal Agent's decision is binding on both You and Us. The External Appeal Agent's decision is admissible in any court proceeding.

H. Your Responsibilities.

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.

SECTION XXIV

Termination of Coverage

Coverage under this Certificate will automatically be terminated on the first of the following to apply:

1. The Student has failed to pay Premiums within 30 days of when Premiums are due. Coverage will terminate as of the last day for which Premiums were paid.
2. The end of the month in which the Student ceases to meet the eligibility requirements as defined by the Us. We will provide written notice to the Student at least 30 days prior to when the coverage will cease.
3. Upon the Student's death, coverage will terminate.
4. The end of the month during which the Student provides written notice to Us requesting termination of coverage, or on such later date requested for such termination by the notice.
5. If a Student has performed an act that constitutes fraud or the Student has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, coverage will terminate immediately upon written notice of termination delivered by Us to the Student. However, if a Student makes an intentional misrepresentation of material fact in writing on his or her enrollment application, We will rescind coverage if the facts misrepresented would have led Us to refuse to issue the coverage. Rescission means that the termination of Your coverage will have a retroactive effect of up to Your enrollment under the Certificate.
6. For such other reasons that are acceptable to the superintendent and authorized by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and any later amendments or successor provisions, or by any federal regulations or rules that implement the provisions of the Act.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.

Refund Policy

If Your status as a Student changes with the University to cancel/withdraw/no-show within the first 31 days of a coverage period, you will not be Covered under the Certificate and the full premium amount paid will be refunded. After 31 days, you will be Covered for the full period that you have paid the premium for, and a prorated refund will be applied if you elect to terminate Your coverage.

Refunds will not be provided within 60 days of the policy expiring or termination of

student status (cancel/withdraw, degree complete).

Exception: A Member entering the armed forces of any country will not be covered under the Certificate as of the date of such entry. In this case, a pro-rata refund of premium will be made for any such person upon written request received by Us within 90 days of withdrawal from school.

NOTE: If claims from any provider have been submitted and paid for any period, no full refund will be provided under any circumstances and the cancellation policy applies.

SECTION XXV

Extension of Benefits

When Your coverage under this Certificate ends, benefits stop. But, if You are totally disabled on the date Your coverage under this Certificate terminates, continued benefits may be available for the treatment of the injury or sickness that is the cause of the total disability. If you are pregnant on the date Your coverage under this Certificate terminates, continued benefits may be available for Your maternity care.

For purposes of this section, “total disability” means You are prevented because of injury or disease from engaging in any work or other gainful activity. Total disability for a minor means that the minor is prevented because of injury or disease from engaging in substantially all of the normal activities of a person of like age and sex who is in good health.

A. When You May Continue Benefit.

1. If You are totally disabled on the date Your coverage under this Certificate terminates, We will continue to pay for Your care under this Certificate during an uninterrupted period of total disability until the first of the following:
 - The date You are no longer totally disabled; or
 - 90 days from the date extended benefits began (if Your benefits are extended based on termination of Student status).
2. If You are pregnant on the date Your coverage under this Certificate terminates, We will continue to pay for Your maternity care under this Certificate through delivery and any post-partum services directly related to the delivery.

B. Limits on Extended Benefits.

We will not pay extended benefits:

- For any Member who is not totally disabled or pregnant on the date coverage under this Certificate ends; or
- Beyond the extent to which We would have paid benefits under this Certificate if coverage had not ended.

SECTION XXVI

Continuation of Coverage

A. Qualifying Events.

You, the Student, may be able to temporarily continue coverage under this Certificate in certain situations when You would otherwise lose coverage, known as qualifying events.

1. If Your coverage ends due to the termination of Your Student status You may continue coverage.

If You want to continue coverage, You must request continuation from Us in writing and make the first Premium payment within the 60-day period following the later of:

1. The date coverage would otherwise terminate; or
2. The date You are sent notice electronically or by first class mail of the right of continuation by Us.

Continued coverage under this section will terminate at the earliest of the following:

1. The date 90 days after the Student's coverage would have terminated because of termination of Student status;
2. The date You become covered by an insured or uninsured arrangement that provides hospital, surgical or medical coverage;
3. The date You become entitled to Medicare;
4. The date to which Premiums are paid if You fail to make a timely payment.

SECTION XXVII

Temporary Suspension Rights for Armed Forces' Members

If You, the Student, are a member of a reserve component of the armed forces of the United States, including the National Guard, You have the right to temporary suspension of coverage during active duty and reinstatement of coverage at the end of active duty if:

1. Your active duty is extended during a period when the president is authorized to order units of the reserve to active duty, provided that such additional active duty is at the request and for the convenience of the federal government; and
2. Your service ends during the Plan Year for which this Certificate is effective.

You must make written request to Us to have Your coverage suspended during a period of active duty. Your unearned Premiums will be refunded during the period of such suspension.

Upon completion of active duty, Your coverage may be resumed as long as You:

1. Make written application to Us; and
2. Remit the Premium within 60 days of the termination of active duty.

For coverage that was suspended while on active duty, coverage will be retroactive to the date on which active duty terminated.

SECTION XXVIII

General Provisions

1. Agreements Between Us and Participating Providers.

Any agreement between Us and Participating Providers may only be terminated by Us or the Providers. This Certificate does not require any Provider to accept a Member as a patient. We do not guarantee a Member's admission to any Participating Provider or any health benefits program.

2. Assignment.

You cannot assign any benefits under this Certificate to any person, corporation or other organization. You cannot assign any monies due under this Certificate to any person, corporation or other organization unless it is an assignment to Your Provider for a surprise bill or to a Hospital for Emergency Services, including inpatient services following Emergency Department Care. See the How Your Coverage Works section of this Certificate for more information about surprise bills. Any assignment of benefits by You other than for monies due for a surprise bill or an assignment of monies due to a Hospital for Emergency Services, including inpatient services following Emergency Department Care, will be void and unenforceable.

Assignment means the transfer to another person, corporation or other organization of Your right to the services provided under this Certificate or Your right to collect money from Us for those services.

3. Choice of Law.

This Certificate shall be governed by the laws of the State of New York.

4. Clerical Error.

Clerical error, whether by You or Us, with respect to this Certificate, or any other documentation issued by Us in connection with this Certificate, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

5. Conformity with Law.

Any term of this Certificate which is in conflict with New York State law or with any applicable federal law that imposes additional requirements from what is required under New York State law will be amended to conform with the minimum requirements of such law.

6. Continuation of Benefit Limitations.

Some of the benefits in this Certificate may be limited to a specific number of visits, and/or subject to a Deductible. You will not be entitled to any additional benefits if Your coverage status should change during the year. For example, if Your coverage status changes from covered family member to Student, all benefits previously utilized when

You were a covered family member will be applied toward Your new status as a Student.

7. Entire Agreement.

This Certificate including any endorsements, riders and the attached applications, if any, constitutes the entire Certificate.

8. Furnishing Information and Audit.

All persons covered under this Certificate will promptly furnish Us with all information and records that We may require from time to time to perform Our obligations under this Certificate. You must provide Us with information over the telephone for reasons such as the following: to allow Us to determine the level of care You need; so that We may certify care authorized by Your Physician; or to make decisions regarding the Medical Necessity of Your care.

9. Identification Cards.

Identification ("ID") cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Certificate. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

10. Incontestability.

No statement made by the Student in an application for coverage under this Certificate shall avoid the Certificate or be used in any legal proceeding unless the application or an exact copy is attached to this Certificate.

11. Independent Contractors.

Participating Providers are independent contractors. They are not Our agents or employees. We and Our employees are not the agent or employee of any Participating Provider. We are not liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries alleged to be suffered by You while receiving care from any Participating Provider or in any Participating Provider's Facility.

12. Input in Developing Our Policies.

Students may participate in the development of Our policies by participating in the Student Health Benefit Advisory Committee or communicating with a representative of the Student, Graduate/Professional Student, or University Assemblies. - Written application procedures and minimum qualification requirements for Providers.
- Documents that contain the processes, strategies evidentiary standards, and other factors used to apply a treatment limitation with respect to medical/surgical benefits and mental health or substance use disorder benefits under the Certificate.

15. Notice.

Any notice that We give You under this Certificate will be mailed to Your address as it appears in Our records or delivered electronically if You consent to electronic delivery. If notice is delivered to You electronically, You may also request a copy of the notice from Us. You agree to provide Us with notice of any change of Your address. If You have to give Us any notice, it should be sent by U.S. mail, first class, postage prepaid to: Cornell University Office of Student Health Benefits, 395 Pine Tree Rd, Ithaca, NY, 14850.

16. Premium Refund.

We will give any refund of Premiums which are paid by You, if due, to You.

17. Recovery of Overpayments.

On occasion, a payment will be made to You when You are not covered, for a service that is not Covered, or which is more than is proper. When this happens, We will explain the problem to You and You must return the amount of the overpayment to Us within 60 days after receiving notification from Us. However, We shall not initiate overpayment recovery efforts more than 24 months after the original payment was made unless We have a reasonable belief of fraud or other intentional misconduct.

18. Reinstatement after Default.

If the Student defaults in making any payment this Certificate, the subsequent acceptance of payment by Us shall reinstate the Certificate.

19. Right to Develop Guidelines and Administrative Rules.

We may develop or adopt standards that describe in more detail when We will or will not make payments under this Certificate. Examples of the use of the standards are to determine whether: Hospital inpatient care was Medically Necessary; surgery was Medically Necessary to treat Your illness or injury; or certain services are skilled care. Those standards will not be contrary to the descriptions in this Certificate. If You have a question about the standards that apply to a particular benefit, You may contact Us and We will explain the standards or send You a copy of the standards. We may also develop administrative rules pertaining to enrollment and other administrative matters. We shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the administration of this Certificate.

We review and evaluate new technology according to technology evaluation criteria developed by Our medical directors and reviewed by a designated committee, which consists of Health Care Professionals from various medical specialties. Conclusions of the committee are incorporated into Our medical policies to establish decision protocols for determining whether a service is Medically Necessary, experimental or investigational, or included as a covered benefit.

20. Right to Offset.

If We make a claim payment to You or on Your behalf in error or You owe Us any money, You must repay the amount You owe Us. Except as otherwise required by law, if We owe You a payment for other claims received, We have the right to subtract any amount You owe Us from any payment We owe You.

21. Severability.

The unenforceability or invalidity of any provision of this Certificate shall not affect the validity and enforceability of the remainder of this Certificate.

22. Significant Change in Circumstances.

If We are unable to arrange for Covered Services as provided under this Certificate as the result of events outside of Our control, We will make a good faith effort to make alternative arrangements. These events would include a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of Participating Providers' personnel, or similar causes. We will make reasonable attempts to arrange for Covered Services. We and Our Participating Providers will not be liable for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by such an event.

23. Subrogation and Reimbursement.

These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for Your injury, illness or other condition and We have provided benefits related to that injury, illness or condition. As permitted by applicable state law, unless preempted by federal law, We may be subrogated to all rights of recovery against any such party (including Your own insurance carrier) for the benefits We have

provided to You under this Certificate. Subrogation means that We have the right, independently of You, to proceed directly against the other party to recover the benefits that We have provided.

Subject to applicable state law, unless preempted by federal law, We may have a right of reimbursement if You or anyone on Your behalf receives payment from any responsible party (including Your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which We provided benefits. Under Section 5-335 of the New York General Obligations Law, Our right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it is presumed that You did not take any action against Our rights or violate any contract between You and Us. The law presumes that the settlement between You and the responsible party does not include compensation for the cost of health care services for which We provided benefits.

We request that You notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by You for which We have provided benefits. You must provide all information requested by Us or Our representatives including, but not limited to, completing and submitting any applications or other forms or statements as We may reasonably request.

24. Third Party Beneficiaries.

No third party beneficiaries are intended to be created by this Certificate and nothing in this Certificate shall confer upon any person or entity other than You or Us any right, benefit, or remedy of any nature whatsoever under or by reason of this Certificate. No other party can enforce this Certificate's provisions or seek any remedy arising out of either Our or Your performance or failure to perform any portion of this Certificate, or to bring an action or pursuit for the breach of any terms of this Certificate.

25. Time to Sue.

No action at law or in equity may be maintained against Us prior to the expiration of 60 days after written submission of a claim has been furnished to Us as required in this Certificate. You must start any lawsuit against Us under this Certificate within three (3) years from the date the claim was required to be filed.

26. Translation Services.

Translation services are available under this Certificate for non-English speaking Members. Please contact Us at the number on Your ID card to access these services.

27. Venue for Legal Action.

If a dispute arises under this Certificate, it must be resolved in a court located in the State of New York. You agree not to start a lawsuit against Us in a court anywhere else. You also consent to New York State courts having personal jurisdiction over You.

That means that, when the proper procedures for starting a lawsuit in these courts have been followed, the courts can order You to defend any action We bring against You.

28. Waiver.

The waiver by any party of any breach of any provision of this Certificate will not be construed as a waiver of any subsequent breach of the same or any other provision. The failure to exercise any right hereunder will not operate as a waiver of such right.

29. Who May Change this Certificate.

This Certificate may not be modified, amended, or changed, except in writing and signed by Our Executive Vice President and Chief Financial Officer (“EVP/CFO”) or a person designated by the EVP/CFO. No employee, agent, or other person is authorized to interpret, amend, modify, or otherwise change this Certificate in a manner that expands or limits the scope of coverage, or the conditions of eligibility, enrollment, or participation, unless in writing and signed by the EVP/CFO or person designated by the EVP/CFO.

30. Who Receives Payment under this Certificate.

Payments under this Certificate for services provided by a Participating Provider will be made directly by Us to the Provider. If You receive services from a Non-Participating Provider, We reserve the right to pay either You or the Provider. If You assign benefits for a surprise bill to Your Non-Participating Provider, We will pay the Non-Participating Provider directly. See the How Your Coverage Works section of this Certificate for more information about surprise bills.

31. Workers’ Compensation Not Affected.

The coverage provided under this Certificate is not in lieu of and does not affect any requirements for coverage by workers’ compensation insurance or law.

32. Your Medical Records and Reports.

In order to provide Your coverage under this Certificate, it may be necessary for Us to obtain Your medical records and information from Providers who treated You. Our actions to provide that coverage include processing Your claims, reviewing Grievances, Appeals or complaints involving Your care, and quality assurance reviews of Your care, whether based on a specific complaint or a routine audit of randomly selected cases. By accepting coverage under this Certificate, except as prohibited by state or federal law, You automatically give Us or Our designee permission to obtain and use Your medical records for those purposes and You authorize each and every Provider who renders services to You to:

- Disclose all facts pertaining to Your care, treatment, and physical condition to Us or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim, or in connection with a complaint or quality of care review;
- Render reports pertaining to Your care, treatment, and physical condition to Us, or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim; and

- Permit copying of Your medical records by Us.

We agree to maintain Your medical information in accordance with state and federal confidentiality requirements. However, to the extent permitted under state or federal law, You automatically give Us permission to share Your information with the New York State Department of Health, quality oversight organizations, and third parties with which We contract to assist Us in administering this Certificate, so long as they also agree to maintain the information in accordance with state and federal confidentiality requirements.

33. Your Rights and Responsibilities.

As a Member, You have rights and responsibilities when receiving health care. As Your health care partner, We want to make sure Your rights are respected while providing Your health benefits. You have the right to obtain complete and current information concerning a diagnosis, treatment and prognosis from a Physician or other Provider in terms You can reasonably understand. When it is not advisable to give such information to You, the information shall be made available to an appropriate person acting on Your behalf.

You have the right to receive information from Your Physician or other Provider that You need in order to give Your informed consent prior to the start of any procedure or treatment.

You have the right to refuse treatment to the extent permitted by law and to be informed of the medical consequences of that action.

You have the right to formulate advance directives regarding Your care.

You have the right to access Our Participating Providers.

As a Member, You should also take an active role in Your care. We encourage You to:

- Understand Your health problems as well as You can and work with Your Providers to make a treatment plan that You all agree on;
- Follow the treatment plan that You have agreed on with Your doctors or Providers;
- Give Us, Your doctors and other Providers the information needed to help You get the care You need and all the benefits You are eligible for under Your Certificate. This may include information about other health insurance benefits You have along with Your coverage with Us; and
- Inform Us if You have any changes to Your name or address.

For additional information regarding Your rights and responsibilities, visit the FAQs on Our website at www.aetnastudenthealth.com. If You do not have internet access, You can call Us at the number on Your ID card to request a copy.
