CERTIFICATE OF COVERAGE

Issued by

Cornell University

This Certificate of Coverage (“Certificate”) explains the benefits available to You under a Contract between Cornell University (hereinafter referred to as “We”, “Us” or “Our”) and You. Amendments, riders or endorsements may be delivered with the Certificate or added thereafter.

You have the right to return this Certificate. Examine it carefully. If You are not satisfied, You may return this Certificate to Us and ask Us to cancel it. Your request must be made in writing within ten (10) days from the date You receive this Certificate. We will refund any Premium paid including any Certificate fees or other charges.

This Certificate offers You the option to receive Covered Services on two benefit levels:

- 1. In-Network Benefits.** In-network benefits are the highest level of coverage available. In-network benefits apply when Your care is provided by Participating Providers in Our Aetna Student Health Network and Participating Pharmacies in Our OptumRX Network. You should always consider receiving health care services first through the in-network benefits portion of this Certificate.
- 2. Out-of-Network Benefits.** The out-of-network benefits portion of this Certificate provides coverage when You receive Covered Services from Non-Participating Providers. Your out-of-pocket expenses will be higher when You receive out-of-network benefits. In addition to Cost-Sharing, You will also be responsible for paying any difference between the Allowed Amount and the Non-Participating Provider’s charge.

READ THIS ENTIRE CERTIFICATE CAREFULLY. IT DESCRIBES THE BENEFITS AVAILABLE UNDER THE CONTRACT. IT IS YOUR RESPONSIBILITY TO UNDERSTAND THE TERMS AND CONDITIONS IN THIS CERTIFICATE.

This Certificate is governed by the laws of New York State.

SECTION II

How Your Coverage Works

A. Your Coverage Under this Certificate.

We will provide the benefits described in this Certificate to covered Members of Cornell University and Weill Cornell Medicine, that is, to a Student and their Covered Dependents. You should keep this Certificate with Your other important papers so that it is available for Your future reference.

B. Covered Services.

You will receive Covered Services under the terms and conditions of this Certificate only when the Covered Service is:

- Medically Necessary;
- Provided by a Participating Provider for in-network coverage;
- Listed as a Covered Service;
- Not in excess of any benefit limitations described in the Schedule of Benefits section of this Certificate; and
- Received while Your Certificate is in force.

C. Participating Providers.

To find out if a Provider is a Participating Provider:

- Check Our Provider directory, available at Your request;
- Call the number on Your ID card; or
- Visit Our website www.aetnastudenthealth.com or www.optumrx.com.

The Provider directory will give You the following information about Our Participating Providers:

- Name, address, and telephone number;
- Specialty;
- Board certification (if applicable);
- Languages spoken; and
- Whether the Participating Provider is accepting new patients.

You are only responsible for any In-Network Cost-Sharing that would apply to the Covered Services if You receive Covered Services from a Provider who is not a Participating Provider in the following situations:

- The Provider is listed as a Participating Provider in Our online Provider directory;
- Our paper Provider directory listing the Provider as a Participating Provider is incorrect as of the date of publication;
- We give You written notice that the Provider is a Participating Provider in response to Your telephone request for network status information about the Provider; or
- We do not provide You with a written notice within one business day of Your telephone request for network status information.

In these situations, if a Provider bills You for more than Your In-Network Cost-Sharing and You pay the bill, You are entitled to a refund from the Provider, plus interest.

D. The Role of Primary Care Physicians.

This Certificate does not have a gatekeeper, usually known as a Primary Care Physician (“PCP”). Although You are encouraged to receive care from Your PCP, You do not need a Referral from a PCP before receiving Specialist care.

E. Access to Providers and Changing Providers.

Sometimes Providers in Our Provider directory are not available. You should call the Provider to make sure they are a Participating Provider and is accepting new patients.

To see a Provider, call their office and tell the Provider that You are a Cornell University Student Health Plan and Aetna Member, and explain the reason for Your visit. Have Your ID card available. The Provider’s office may ask You for Your Member ID number. When You go to the Provider’s office, bring Your ID card with You.

To contact Your Provider after normal business hours, call the Provider’s office. You will be directed to Your provider, an answering machine with directions on how to obtain services, or another Provider. If You have an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911.

If We do not have a Participating Provider for certain provider types in the county in which You live or in a bordering county that is within approved time and distance standards, We will approve an authorization to a specific Non-Participating Provider until You no longer need the care or We have a Participating Provider in Our Network that meets the time and distance standards and Your care has been transitioned to that Participating Provider. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable In-Network Cost-Sharing.

F. Out-of-Network Services.

We Cover the services of Non-Participating Providers. See the Schedule of Benefits section of this Certificate for the Non-Participating Provider services that are Covered. In any case where benefits are limited to a certain number of days or visits, such limits apply in the aggregate to in-network and out-of-network services.

G. Care Outside the United States.

Claims incurred outside the United States will be reimbursed at the Participating Provider level.

H. Services Subject to Preauthorization.

Our Preauthorization is required before You receive certain Covered Services. Your Participating Provider is responsible for requesting Preauthorization for in-network services and You are responsible for requesting Preauthorization for the out-of-network services listed in the Schedule of Benefits section of this Certificate.

I. Preauthorization Procedure.

If You seek coverage for out-of-network services that require Preauthorization, You must

call Us at the number on Your ID card.

You must contact Us to request Preauthorization as follows:

- At least two (2) weeks prior to a planned admission or surgery when Your Provider recommends inpatient Hospitalization. If that is not possible, then as soon as reasonably possible during regular business hours prior to the admission.
- Before air ambulance services are rendered for a non-Emergency Condition.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

J. Medical Management.

The benefits available to You under this Certificate are subject to pre-service, concurrent and retrospective reviews to determine when services should be Covered by Us. The purpose of these reviews is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place the services are performed. Covered Services must be Medically Necessary for benefits to be provided.

K. Medical Necessity.

We Cover benefits described in this Certificate as long as the health care service, procedure, treatment, test, device, Prescription Drug or supply (collectively, "service") is Medically Necessary. The fact that a Provider has furnished, prescribed, ordered, recommended, or approved the service does not make it Medically Necessary or mean that We have to Cover it.

We may base Our decision on a review of:

- Your medical records;
- Our medical policies and clinical guidelines;
- Medical opinions of a professional society, peer review committee or other groups of Physicians;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally recognized health care organizations that include supporting scientific data;
- Professional standards of safety and effectiveness, which are generally recognized in the United States for diagnosis, care, or treatment;
- The opinion of Health Care Professionals in the generally recognized health specialty involved;
- The opinion of the attending Providers, which have credence but do not overrule contrary opinions.

Services will be deemed Medically Necessary only if:

- They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;

- They are required for the direct care and treatment or management of that condition;
- Your condition would be adversely affected if the services were not provided;
- They are provided in accordance with generally accepted standards of medical practice;
- They are not primarily for the convenience of You, Your family, or Your Provider;
- They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results;
- When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting. For example, We will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a Hospital if the drug could be provided in a Physician's office or the home setting.

See the Utilization Review and External Appeal sections of this Certificate for Your right to an internal Appeal and external appeal of Our determination that a service is not Medically Necessary.

L. Protection from Surprise Bills.

1. Surprise Bills. A surprise bill is a bill You receive for Covered Services in the following circumstances:

- For services performed by a non-participating Provider at a participating Hospital or Ambulatory Surgical Center, when:
 - A participating Provider is unavailable at the time the health care services are performed;
 - A non-participating Provider performs services without Your knowledge; or
 - Unforeseen medical issues or services arise at the time the health care services are performed.

A surprise bill does not include a bill for health care services when a participating Provider is available and You elected to receive services from a non-participating Provider.

- You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
 - Covered Services are performed by a Non-Participating Provider in the participating Physician's office or practice during the same visit;
 - The participating Physician sends a specimen taken from You in the participating Physician's office to a non-participating laboratory or pathologist; or
 - For any other Covered Services performed by a Non-Participating Provider at the participating Physician's request, when Referrals are required under Your Certificate.

You will be held harmless for any Non-Participating Provider charges for the surprise bill that exceed Your In-Network Cost-Sharing. The Non-Participating Provider may only bill You for Your In-Network Cost-Sharing. You can sign a form to notify Us and the Non-Participating Provider that You received a surprise bill.

The form for surprise bills is available at www.dfs.ny.gov or You can visit Our website at www.aetnastudenthealth.com for a copy of the form. You need to mail a copy of the form to Us at the address on Your ID card and to Your Provider.

- 2. Independent Dispute Resolution Process.** Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity (“IDRE”) assigned by the state. The IDRE will determine whether Our payment or the Provider’s charge is reasonable within 30 days of receiving the dispute.

M. Delivery of Covered Services Using Telehealth.

If Your Participating Provider offers Covered Services using telehealth, We will not deny the Covered Services because they are delivered using telehealth. Covered Services delivered using telehealth may be subject to utilization review and quality assurance requirements and other terms and conditions of the Certificate that are at least as favorable as those requirements for the same service when not delivered using telehealth. “Telehealth” means the use of electronic information and communication technologies, including telephone or video using smart phones or other devices, by a Participating Provider to deliver Covered Services to You while Your location is different than Your Provider’s location.

N. Case Management.

Case management helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the care management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and teamwork with You and/or Your authorized representative, treating Physician(s), and other Providers. In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care through Our case management program that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Certificate. We will make Our decision on a case-by-case basis if We determine the alternate or extended benefit is in the best interest of You and Us.

Nothing in this provision shall prevent You from appealing Our decision. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

SECTION III

Access to Care and Transitional Care

A. Authorization to a Non-Participating Provider.

If We determine that We do not have a Participating Provider that has the appropriate training and experience to treat Your condition, We will approve an authorization to an appropriate Non-Participating Provider. Your Participating Provider or You must request prior approval of the authorization to a specific Non-Participating Provider. Approvals of authorizations to Non-Participating Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Non-Participating Provider You requested. If We approve the authorization, all services performed by the Non-Participating Provider are subject to a treatment plan approved by Us in consultation with Your PCP or Student Health Services, the Non-Participating Provider and You. Covered Services rendered by the Non-Participating Provider will be covered as if they were provided by a Participating Provider. You will be responsible only for any applicable In-Network Cost-Sharing. In the event an authorization is not approved, any services rendered by a Non-Participating Provider will be Covered as an out-of-network benefit if available.

B. When Your Provider Leaves the Network.

If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider's contractual obligation to provide services to You terminates. If You are pregnant, You may continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

The Provider must accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also provide Us necessary medical information related to Your care and adhere to our policies and procedures, including those for assuring quality of care, obtaining Preauthorization, authorizations, and a treatment plan approved by Us. You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable In-Network Cost-Sharing. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider's ability to practice, continued treatment with that Provider is not available.

C. New Members In a Course of Treatment.

If You are in an ongoing course of treatment with a Non-Participating Provider when Your coverage under this Certificate becomes effective, You may be able to receive Covered Services for the ongoing treatment from the Non-Participating Provider for up to 60 days from the effective date of Your coverage under this Certificate. This course of treatment must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a Non-Participating Provider if

You are in the second or third trimester of a pregnancy when Your coverage under this Certificate becomes effective. You may continue care through delivery and any post-partum services directly related to the delivery.

In order for You to continue to receive Covered Services for up to 60 days or through pregnancy, the Non-Participating Provider must agree to accept as payment Our fees for such services. The Provider must also agree to provide Us necessary medical information related to Your care and to adhere to Our policies and procedures including those for assuring quality of care, obtaining Preauthorization, authorizations, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable In-Network Cost-Sharing.

SECTION IV

Cost-Sharing Expenses and Allowed Amount

A. Deductible.

Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Certificate for Covered in-network and out-of-network Services during each Plan Year before We provide coverage. If You have other than individual coverage, the individual Deductible applies to each person covered under this Certificate. Once a person within a family meets the individual Deductible, no further Deductible is required for the person that has met the individual Deductible for that Plan Year. However, after Deductible payments for persons covered under this Certificate collectively total the family Deductible amount in the Schedule of Benefits section of this Certificate in a Plan Year, no further Deductible will be required for any person covered under this Certificate for that Plan Year.

You have a separate In-Network and Out-of-Network Deductible. Amounts You pay for out-of-network services do not apply toward Your In-Network Deductible. Amounts You pay for in-network services do not apply toward Your Out-of-Network Deductible. **Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward the Deductible.**

B. Copayments.

Except where stated otherwise, after You have satisfied the Deductible as described above, You must pay the Copayments, or fixed amounts, in the Schedule of Benefits section of this Certificate for Covered in-network and out-of-network Services. However, when the Allowed Amount for a service is less than the Copayment, You are responsible for the lesser amount.

C. Coinsurance.

Except where stated otherwise, after You have satisfied the Deductible as described above, You must pay a percentage of the Allowed Amount for Covered Services. We will pay the remaining percentage of the Allowed Amount as Your in-network or out-of-network benefit as shown in the Schedule of Benefits section of this Certificate. **You must also pay any charges of a Non-Participating Provider that are in excess of the Allowed Amount.**

D. In-Network Out-of-Pocket Limit.

When You have met Your In-Network Out-of-Pocket Limit in payment of In-Network Cost-Sharing for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered in-network Services for the remainder of that Plan Year. If You have other than individual coverage, once a person within a family meets the individual In-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for the rest of that Plan Year for that person. If other than individual coverage applies, when persons in the same family covered under this Certificate have

collectively met the family In-Network Out-of-Pocket Limit in payment of In-Network Cost-Sharing for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for the rest of that Plan Year for the entire family.

Cost-Sharing for out-of-network services, except for Emergency Services, and out-of-network services approved by Us as an in-network exception, does not apply toward Your In-Network Out-of-Pocket Limit.

E. Out-of-Network Out-of-Pocket Limit.

This Certificate has a separate Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate for out-of-network benefits. When You have met Your Out-of-Network Out-of-Pocket Limit in payment of Out-of-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the remainder of that Plan Year. If You have other than individual coverage, once a person within a family meets the individual Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the rest of that Plan Year for that person. If other than individual coverage applies, when persons in the same family covered under this Certificate have collectively met the family Out-of-Network Out-of-Pocket Limit in payment of Out-of-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the rest of that Plan Year for the entire family. **Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward Your Out-of-Network Out-of-Pocket Limit.**

Cost-Sharing for in-network services does not apply toward Your Out-of-Network Out-of-Pocket Limit.

F. Your Additional Payments for Out-of-Network Benefits.

When You receive Covered Services from a Non-Participating Provider, in addition to the applicable Copayments, Deductibles and Coinsurance described in the Schedule of Benefits section of this Certificate, You must also pay the amount, if any, by which the Non-Participating Provider's actual charge exceeds Our Allowed Amount. This means that the total of Our coverage and any Cost-Sharing amounts You pay may be less than the Non-Participating Provider's actual charge.

When You receive Covered Services from a Non-Participating Provider, We will apply nationally-recognized payment rules to the claim submitted for those services. These rules evaluate the claim information and determine the accuracy of the procedure codes and diagnosis codes for the services You received. Sometimes, applying these rules will change the way that We pay for the services. This does not mean that the services were not Medically Necessary. It only means that the claim should have been submitted differently. For example, Your Provider may have billed using several procedure codes

when there is a single code that includes all of the separate procedures. We will make one (1) inclusive payment in that case rather than a separate payment for each billed code. Another example of when We will apply the payment rules to a claim is when You have surgery that involves two (2) surgeons acting as “co-surgeons”. Under the payment rules, the claim from each Provider should have a “modifier” on it that identifies it as coming from a co-surgeon. If We receive a claim that does not have the correct modifier, We will change it and make the appropriate payment. Additionally, another example of when We will apply a payment rule to a claim is when You receive services from a Health Care Professional who is not a Physician, such as a physician’s assistant. Under the payment rule, the Allowed Amount for a physician’s assistant or other Health Care Professional who is not a Physician will be less than the Allowed Amount for a Physician.

G. Allowed Amount.

“Allowed Amount” means the maximum amount We will pay for the services or supplies Covered under this Certificate, before any applicable Copayment, Deductible and Coinsurance amounts are subtracted. We determine Our Allowed Amount as follows:

The Allowed Amount for Participating Providers will be the amount We have negotiated with the Participating Provider , or the amount approved by Aetna Student Health, or the Participating Provider’s charge, if less.

Our payments to Participating Providers may include financial incentives to help improve the quality or coordination of care and promote the delivery of Covered Services in a cost-efficient manner. Payments under this financial incentive program are not made as payment for a specific Covered Service provided to You. Your Cost-Sharing will not change based on any payments made to or received from Participating Providers as part of the financial incentive program.

The Allowed Amount for Non-Participating Providers will be determined as follows:

1. Facilities.

For Facilities, the Allowed Amount will be a rate based on information provided by a third party vendor, which may reflect one (1) or more of the following factors: 1) the complexity or severity of treatment; 2) level of skill and experience required for the treatment; or 3) comparable Providers’ fees and costs to deliver care.

Our Allowed Amount for non-participating Facilities equates to approximately 70% of UCR. For this purpose, UCR is the FAIR Health rate at the 80th percentile.

2. For All Other Providers.

For all other Providers the Allowed Amount will be the Fair Health rate at the 80th percentile.

For Durable Medical Equipment, a prosthetic device or implant, if there is no code listed or source pricing, the Allowed Amount will be 1.3 times the manufacturers' invoice price.

3. Physician-Administered Pharmaceuticals.

For Physician-administered pharmaceuticals, We use gap methodologies that are similar to the pricing methodology used by the Centers for Medicare and Medicaid Services, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by Us based on an internally developed pharmaceutical pricing resource if the other methodologies have no pricing data available for a Physician-administered pharmaceutical or special circumstances support an upward adjustment to the other pricing methodology.

The Non-Participating Provider's actual charge may exceed Our Allowed Amount. You must pay the difference between Our Allowed Amount and the Non-Participating Provider's charge. Contact Us at the number on Your ID card for information on Your financial responsibility when You receive services from a Non-Participating Provider.

We reserve the right to negotiate a lower rate with Non-Participating Providers.

See the Emergency Services and Urgent Care section of this Certificate for the Allowed Amount for Emergency Services rendered by Non-Participating Providers. See the Ambulance and Pre-Hospital Emergency Medical Services section of this Certificate for the Allowed Amount for Pre-Hospital Emergency Medical Services rendered by Non-Participating Providers.

SECTION V

Who is Covered

A. Who is Covered Under this Certificate.

You, the Student to whom this Certificate is issued, are covered under this Certificate. Members of Your family may also be covered depending on the type of coverage You selected.

B. Types of Coverage.

We offer the following types of coverage:

- 1. Student (Individual) Coverage.** Students enrolled and registered to a residential, fulltime program (and certain eligible residential part-time students and/or non-degree-seeking students), as defined and reported by the Office of the University Registrar at Cornell University or Weill Cornell Medical Registrar, and who are subject to the university health insurance requirement are covered. A student recorded as “withdrawn”, “end-of-study”, or “leave of absence” for an entire academic term is not covered, except as provided in the Continuation of Coverage section , of this certificate.
- 2. Student and Spouse.** If You selected Student and Spouse coverage, then You and Your Spouse are covered.

C. Children Covered Under this Certificate.

If You selected Student and Child/Children or Student, Spouse, and Child/Children coverage, Children covered under this Certificate include Your natural Children, legally adopted Children, step Children, and Children for whom You are the proposed adoptive parent without regard to financial dependence, residency with You, student status or employment. A proposed adopted Child is eligible for coverage on the same basis as a natural Child during any waiting period prior to the finalization of the Child’s adoption. Coverage lasts until the end of the month in which the Child turns 26 years of age. Foster Children and grandchildren are not covered.

Any unmarried dependent Child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability (as defined in the New York Mental Hygiene Law), or physical disability and who became so incapable prior to attainment of the age at which the Child’s coverage would otherwise terminate and who is chiefly dependent upon You for support and maintenance, will remain covered while Your insurance remains in force and Your Child remains in such condition. You have 31

days from the date of Your Child's attainment of the termination age to submit an application to request that the Child be included in Your coverage and proof of the Child's incapacity. We have the right to check whether a Child is and continues to qualify under this section.

We have the right to request and be furnished with such proof as may be needed to determine eligibility status of a prospective or covered Student and all other prospective or covered Members in relation to eligibility for coverage under this Certificate at any time.

D. When Coverage Begins.

Coverage under this Certificate will begin as follows:

1. If You, the Student, elect coverage before becoming eligible, or within 31 days of becoming eligible for other than a special enrollment period, coverage begins on the date You become eligible, or on the date determined by Us. We cannot impose waiting periods that exceed 90 days.
2. If You, the Student, do not elect coverage upon becoming eligible or within 31 days of becoming eligible for other than a special enrollment period, and are required to but have not provided proof of alternate coverage that meets Our waiver criteria (see <https://studenthealthbenefits.cornell.edu/waive-or-cancel-shp>) via the waiver process, You are automatically enrolled in the Student Health Plan. Coverage will begin the earlier of the first day you are eligible or the date required by your academic college or unit.
3. If, You, the Student, do not elect coverage upon becoming eligible or within 31 days of becoming eligible for other than a special enrollment period, and have provided alternate proof of insurance that meets Our waiver criteria (see <https://studenthealthbenefits.cornell.edu/waive-or-cancel-shp>), You must wait until the next open enrollment period to enroll, except as provided below.
4. For Dependents, You, the Student, must elect dependent coverage by completing a dependent enrollment form during our specified open enrollment periods or within a special enrollment period as provided below. Coverage for dependents established during open enrollment will begin on the same date as the student coverage and upon payment of the initial premium due to Us. Coverage for dependents established during a special enrollment period will be effective on the date the dependent became eligible for coverage as provided below.
5. If You, the Student, marry while covered, and We receive notice of such marriage and any Premium payment within 31 days thereafter, coverage for Your Spouse and Child starts on the date of the marriage, provided that You pay any additional Premium when due. If We do not receive notice and payment within 31 days of the marriage, You must wait until the next open enrollment period to add Your Spouse or Child.
6. If You, the Student, have a newborn or adopted newborn Child and We receive notice of such birth within 31 days thereafter, coverage for Your newborn starts at the moment of birth; otherwise, coverage begins on the date on which We receive notice. Your adopted newborn Child will be covered from the moment of birth if You take physical custody of the infant as soon as the infant is released from the Hospital after birth and You file a petition pursuant to Section 115-c of the New York Domestic Relations Law within 31 days of the infant's birth; and provided further that no notice of revocation to

the adoption has been filed pursuant to Section 115-b of the New York Domestic Relations Law, and consent to the adoption has not been revoked. However, We will not provide Hospital benefits for the adopted newborn's initial Hospital stay if one of the infant's natural parents has coverage for the newborn's initial Hospital stay. If You have individual or individual and Spouse coverage, You must also notify Us of Your desire to switch to parent and child/children or family coverage and pay any additional Premium within 31 days of the birth or adoption in order for coverage to start at the moment of birth. Otherwise, coverage begins on the date on which We receive notice, provided that You pay any additional Premium when due.

E. Special Enrollment Periods.

2. Termination of the other health plan;
3. Death of the Spouse;
4. Legal separation, divorce or annulment;
5. Reduction of hours of employment;
6. Employer contributions toward a health plan were terminated for You or Your Dependent's Coverage; or
7. A Child no longer qualifies for coverage as a Child under another health plan.

You, and Your Spouse or Child can also enroll 31 days from exhaustion of Your COBRA or continuation coverage or if You gain a Dependent or become a Dependent through marriage, birth, adoption or placement for adoption.

We must receive notice and Premium payment within 31 days of one of these events. Your coverage will begin the day after Your eligibility for another health plan was lost, provided we have received Your application within 31 days of one of these events. If You gain a Dependent or become a Dependent due to a birth, adoption, or placement for adoption, Your coverage will begin on the date of the birth, adoption or placement for adoption.

You, and Your Spouse or Child, can also enroll within 31 days of a move to a location in which your existing coverage no longer meets Our waiver criteria (see <https://studenthealthbenefits.cornell.edu/waive-or-cancel-shp>). Such a move must be for the duration of at least one academic term (fall, winter, spring, or summer). Your coverage will begin on the date the move occurred. You will be required to submit documentation that shows:

1. Proof of the date of your arrival in the United States, or
2. The date your move occurred within the United States and proof you had health insurance coverage for at least one of the 60 days prior to your move.

In addition, You, and Your Spouse or Child, can also enroll for coverage within 60 days of the occurrence of one of the following event:

1. You or Your Spouse or Child loses eligibility for Medicaid or Child Health Plus; or
2. You or Your Spouse or Child become eligible for Medicaid or Child Health Plus.

We must receive notice and Premium payment within 60 days of one of these events. Your coverage will begin on the first day of the following month after We receive Your application.

Ambulance and Pre-Hospital Emergency Medical Services

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits. Pre-Hospital Emergency Medical Services and ambulance services for the treatment of an Emergency Condition do not require Preauthorization.

A. Emergency Ambulance Transportation.

- 1. Pre-Hospital Emergency Medical Services.** We Cover Pre-Hospital Emergency Medical Services worldwide for the treatment of an Emergency Condition when such services are provided by an ambulance service.

“Pre-Hospital Emergency Medical Services” means the prompt evaluation and treatment of an Emergency Condition and/or non-airborne transportation to a Hospital. The services must be provided by an ambulance service issued a certificate under the New York Public Health Law. We will, however, only Cover transportation to a Hospital provided by such an ambulance service when a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

An ambulance service licensed under New York Public Health Law Article 30 must hold You harmless and may not charge or seek reimbursement from You for Pre-Hospital Emergency Medical Services except for the collection of any applicable Copayment, Deductible, or Coinsurance.

In the absence of negotiated rates, We will pay a Non-Participating Provider the usual and customary charge for Pre-Hospital Emergency Medical Services, which shall not be excessive or unreasonable. The usual and customary charge for Pre-Hospital Emergency Medical Services is the lesser of the FAIR Health rate at the 80th percentile calculated using the place of pickup or the Provider’s billed charges.

- 2. Emergency Ambulance Transportation.** In addition to Pre-Hospital Emergency Medical Services, We also Cover emergency ambulance transportation worldwide by a licensed ambulance service (either ground or water ambulance) to the nearest Hospital where Emergency Services can be performed. This coverage

includes emergency ambulance transportation to a Hospital when the originating Facility does not have the ability to treat Your Emergency Condition.

In the absence of negotiated rates, We will pay a Non-Participating Provider licensed under New York Public Health Law Article 30 the usual and customary charge for emergency ambulance transportation, which shall not be excessive or unreasonable. The usual and customary charge for emergency ambulance transportation is the lesser of the FAIR Health rate at the 80th percentile calculated using the place of pickup or the Provider's billed charges.

We will pay a Non-Participating Provider that is not licensed under New York Public Health Law Article 30 the amount We have negotiated with the Non-Participating Provider for the emergency ambulance transportation or an amount We have determined is reasonable for the emergency ambulance transportation. However, the negotiated amount or the amount We determine is reasonable will not exceed the Non-Participating Provider's charge.

B. Non-Emergency Ground Ambulance Transportation.

We Cover non-emergency ground ambulance transportation by a licensed ambulance service between Facilities when the transport is any of the following:

- From a non-participating Hospital to a participating Hospital;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective Acute care Facility; or
- From an Acute care Facility to a sub-Acute setting.

In the absence of negotiated rates, We will pay a Non-Participating Provider licensed under New York Public Health Law Article 30 the usual and customary charge for non-emergency ambulance transportation, which shall not be excessive or unreasonable. The usual and customary charge for non-emergency ambulance transportation is the lesser of the FAIR Health rate at the 80th percentile calculated using the place of pickup or the Provider's billed charges.

We will pay a Non-Participating Provider that is not licensed under New York Public Health Law Article 30 the amount We have negotiated with the Non-Participating Provider for the non-emergency ambulance transportation or an amount We have determined is reasonable for the non-emergency ambulance transportation. However, the negotiated amount or the amount We determine is reasonable will not exceed the Non-Participating Provider's charge.

C. Air Ambulance Services.

- 1. Emergency Air Ambulance Services.** We Cover emergency air ambulance transportation worldwide by a licensed ambulance service to the nearest Hospital where Emergency Services can be performed. This coverage includes emergency air ambulance transportation to a Hospital when the originating Facility does not

have the ability to treat Your Emergency Condition.

2. Non-Emergency Air Ambulance Services. We Cover non-emergency air ambulance transportation by a licensed ambulance service between Facilities when the transport is any of the following:

- From a non-participating Hospital to a participating Hospital;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective Acute care Facility; or
- From an Acute care Facility to a sub-Acute setting.

3. Payments for Air Ambulance Services. We will pay a Participating Provider the amount We have negotiated with the Participating Provider for the air ambulance service.

We will pay a Non-Participating Provider the amount We have negotiated with the Non-Participating Provider for the air ambulance service or an amount We have determined is reasonable for the air ambulance service. However, the negotiated amount or the amount We determine is reasonable will not exceed the Non-Participating Provider's charge.

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits which are no more restrictive than those that apply to medical and surgical benefits in accordance with the federal Mental Health Parity and Addiction Equity Act of 2008.

A. Mental Health Care Services. We Cover the following mental health care services to treat a mental health condition. For purposes of this benefit, “mental health condition” means any mental health disorder as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders or the most recent edition of another generally recognized independent standard of current medical practice such as the International Classification of Diseases.

1. Inpatient Services. We Cover inpatient mental health care services relating to the diagnosis and treatment of mental health conditions comparable to other similar Hospital, medical and surgical coverage provided under this Certificate. Coverage for residential treatment services is limited to Facilities defined in New York Mental Hygiene Law Section 1.03 and to residential treatment facilities that are part of a comprehensive care center for eating disorders identified pursuant to New York Mental Hygiene Law Article 30; and, in other states, to Facilities that are licensed or certified to provide the same level of treatment. In the absence of a licensed or certified Facility that provides the same level of treatment, the Facility must be accredited by the Joint

Commission on Accreditation of Health Care Organizations or a national accreditation organization recognized by Us.

Outpatient Services.** We Cover outpatient mental health care services, including but not limited to partial hospitalization program services and intensive outpatient program services, relating to the diagnosis and treatment of mental health conditions. Coverage for outpatient services for mental health care includes Facilities that have been issued an operating certificate pursuant to New York Mental Hygiene Law Article 31 or are operated by the New York State Office of Mental Health, and crisis stabilization centers licensed pursuant to New York Mental Hygiene Law section 36.01 and, in other states, to similarly licensed or certified Facilities; and services provided by a licensed psychiatrist or psychologist; a licensed clinical social worker; a licensed nurse practitioner; a licensed mental health counselor; a licensed marriage and family therapist; a licensed psychoanalyst; or a professional corporation or a university faculty practice corporation thereof. Outpatient services also include nutritional counseling to treat a mental health condition.

Outpatient mental health care services also include outpatient care provided at a preschool, elementary, or secondary school by a school-based mental health clinic licensed pursuant to Mental Hygiene Law Article 31, regardless of whether the school-based mental health clinic is a Participating Provider. We will pay a Non-Participating Provider the amount We have negotiated with the Non-Participating Provider for the outpatient mental health care services. In the absence of a negotiated rate, We will pay an amount no less than the rate that would be paid under the Medicaid program. However, the negotiated amount will not exceed the Non-Participating Provider's charge. The school-based mental health clinic shall not seek reimbursement from You for outpatient services provided at a school-based mental health clinic except for Your In-Network Cost-Sharing.

- 3. Autism Spectrum Disorder.** We Cover the following services when such services are prescribed or ordered by a licensed Physician or a licensed psychologist and are determined by Us to be Medically Necessary for the screening, diagnosis, or treatment of autism spectrum disorder. For purposes of this benefit, "autism spectrum disorder" means any pervasive developmental disorder defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders at the time services are rendered.

- i. Screening and Diagnosis.** We Cover assessments, evaluations, and tests to determine whether someone has autism spectrum disorder.

ii. Assistive Communication Devices. We Cover a formal evaluation by a speech-language pathologist to determine the need for an assistive communication device. Based on the formal evaluation, We Cover the rental or purchase of assistive communication devices when ordered or prescribed by a licensed Physician or a licensed psychologist if You are unable to communicate through normal means (i.e., speech or writing) when the evaluation indicates that an assistive communication device is likely to provide You with improved communication. Examples of assistive communication devices include communication boards and speech-generating devices. Coverage is limited to dedicated devices. We will only Cover devices that generally are not useful to a person in the absence of a communication impairment. We do not Cover items, such as, but not limited to, laptop, desktop or tablet computers. We Cover software and/or applications that enable a laptop, desktop or tablet computer to function as a speech-generating device. Installation of the program and/or technical support is not separately reimbursable. We will determine whether the device should be purchased or rented.

We Cover repair, replacement fitting and adjustments of such devices when made necessary by normal wear and tear or significant change in Your physical condition. We do not Cover the cost of repair or replacement made necessary because of loss or damage caused by misuse, mistreatment, or theft; however, We Cover one (1) repair or replacement per device type that is necessary due to behavioral issues. Coverage will be provided for the device most appropriate to Your current functional level. We do not Cover delivery or service charges or routine maintenance.

iii. Behavioral Health Treatment. We Cover counseling and treatment programs that are necessary to develop, maintain, or restore, to the maximum extent practicable, the functioning of an individual. We will provide such Coverage when provided by a licensed Provider. We Cover applied behavior analysis when provided by a licensed or certified applied behavior analysis Health Care Professional. Except as otherwise prohibited by law, services provided under this paragraph shall be included in any visit maximums applicable to services of such therapists or social workers under this Certificate.
- vi. **Pharmacy Care.** We Cover Prescription Drugs to treat autism spectrum disorder that are prescribed by a Provider legally authorized to prescribe under Title 8 of the New York Education Law. Coverage of such Prescription Drugs is subject to all the terms, provisions, and limitations that apply to Prescription Drug benefits under this Certificate.
- vii. **Limitations.** We do not Cover any services or treatment set forth above when such services or treatment are provided pursuant to an individualized education plan under the New York Education Law. The provision of services pursuant to an individualized family service plan under New York Public Health Law Section 2545, an individualized education plan under New York Education Law Article 89, or an individualized service plan pursuant to regulations of the New York State Office for People With Developmental Disabilities shall not affect coverage under this Certificate for services provided on a supplemental basis outside of an educational setting if such services are prescribed by a licensed Physician or licensed psychologist.

You are responsible for any applicable Copayment, Deductible or Coinsurance provisions under this Certificate for similar services. For example, any Copayment, Deductible or Coinsurance that applies to physical therapy visits will generally also apply to physical therapy services Covered under this benefit; and any Copayment, Deductible or Coinsurance for Prescription Drugs will generally also apply to Prescription Drugs Covered under this benefit. See the Schedule of Benefits section of this Certificate for the Cost-Sharing requirements that apply to applied behavior analysis services and assistive communication devices.

This includes Coverage for detoxification and rehabilitation services for substance use disorders. Inpatient substance use services are limited to Facilities in New York State which are

licensed, certified or otherwise authorized by the Office of Addiction Services and Supports (“OASAS”); and, in other states, to those Facilities that are licensed, certified or otherwise authorized by a similar state agency and accredited by the Joint Commission or a national accreditation organization recognized by Us as alcoholism, substance abuse or chemical dependence treatment programs.

We also Cover inpatient substance use services relating to the diagnosis and treatment of substance use disorders received at Facilities that provide residential treatment, including room and board charges. Coverage for residential treatment services is limited to Facilities that are licensed, certified or otherwise authorized by OASAS; and, in other states, to those Facilities that are licensed, certified or otherwise authorized by a similar state agency and accredited by the Joint Commission or a national accreditation organization recognized by Us as alcoholism, substance abuse or chemical dependence treatment programs to provide the same level of treatment.

- 2. Outpatient Services.** We Cover outpatient substance use services relating to the diagnosis and treatment of substance use disorders, including but not limited to partial hospitalization program services, intensive outpatient program services, opioid treatment programs including peer support services, counseling and medication-assisted treatment. Coverage in an OASAS-certified Facility includes services relating to the diagnosis and treatment of a substance use disorder provided by an OASAS credentialed Provider. Coverage is also available in a professional office setting for outpatient substance use disorder services relating to the diagnosis and treatment of alcoholism, substance use and dependency or by Physicians who have been granted a waiver pursuant to the federal Drug Addiction Treatment Act of 2000 to prescribe Schedule III, IV and V narcotic medications for the treatment of opioid addiction during the Acute detoxification stage of treatment or during stages of rehabilitation.

Additional Family Counseling. We also Cover up to 20 outpatient visits per Plan Year for family counseling. A family member will be deemed to be covered, for the purposes of this provision, so long as that family member: 1) identifies himself or herself as a family member of a person suffering from a substance use disorder; and 2) is covered under the same family Certificate that covers the person receiving, or in need of, treatment for a substance use disorder. Our payment for a family member therapy session will be the same amount, regardless of the number of family members who attend the family therapy session.

C. Network Access for Mental Health Care and Substance Use Services.

1. Definitions.

Terms used in this section are defined as follows. (Other defined terms can be found in the Definitions section of this Certificate).

- **Access Complaint:** Your complaint to Us when You cannot access a Participating Provider within the required Appointment Wait Time.
- **Appointment Wait Time:** The time from the initial request for outpatient mental health care or outpatient substance use services to the earliest date offered for the appointment for services.

2. Network Provider Access

When You request an appointment for outpatient mental health care or outpatient substance use services, a Participating Provider must offer You an appointment within the following Appointment Wait Times:

- Ten (10) business days for an initial appointment; and
- Seven (7) calendar days for an appointment following a discharge from a Hospital or an emergency room visit.

The above timeframes can be satisfied through a telehealth visit with a Participating Provider, unless You specifically request an in-person visit.

We have designated staff to assist You in finding a Participating Provider who can treat Your mental health condition or substance use disorder. You may contact Our designated staff by calling 1-800-424-4047.

If there is not a Participating Provider available within the Appointment Wait Time who can treat Your mental health condition or substance use disorder, You or Your designee may submit an Access Complaint to Us by calling 1-800-424-4047, by writing to us at Aetna Customer Service Resolution Team, P.O. Box 14462, Lexington, KY 40512, or electronically by visiting Our website at <http://www.aetnastudenthealth.com>.

Upon receipt of Your Access Complaint, We have three (3) business days to locate a Participating Provider who can (1) treat Your mental health condition or substance use disorder, (2) is able to meet the Appointment Wait Time, and (3) is located within a reasonable distance from You if You request an in-person appointment (rather than a telehealth appointment). If We cannot locate a Participating Provider who meets these requirements, We will:

- Notify You by telephone, if Your request was made by telephone, and in writing, that You may obtain an authorization to a Non-Participating Provider at the In-Network Cost-Sharing; and
- Approve an authorization to a Non-Participating Provider who:
 - Can treat Your mental health condition or substance use disorder;
 - Is able to meet the Appointment Wait Time;

- Is located within a reasonable distance from You if You request an in-person appointment; and
- Charges rates that are not excessive or unreasonable.

The authorization will remain in effect until the earlier of the following:

- The services are no longer Medically Necessary; or
- We locate a Participating Provider who:
 - Can treat Your mental health condition or substance use disorder;
 - Is able to meet the Appointment Wait Time;
 - Is located within a reasonable distance from You if You request an in-person appointment; and
 - Your treatment can be transitioned to the Participating Provider, unless We determine, in consultation with Your treating Provider, as appropriate, that such transition would be harmful to You.

Covered Services rendered by the Non-Participating Provider will be Covered by Us as if they were provided by a Participating Provider. You will be responsible only for any applicable In-Network Cost-Sharing. Any Cost-Sharing that would have applied had the services been received from a Participating Provider will apply toward Your In-Network Out-of-Pocket Limit.

See the Utilization Review and External Appeal sections of this Certificate for Your right to an internal Appeal and external Appeal of Our determination that a service is not Medically Necessary and the Grievance section of this Certificate for any other determination.

B. Refills.

We Cover Refills of Prescription Drugs only when dispensed at a retail, mail order, or designated pharmacy as ordered by an authorized Provider and only after $\frac{3}{4}$ of the original Prescription Drug has been used. Benefits for Refills will not be provided beyond one (1) year from the original prescription date. For prescription eye drop medication, We allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early Refill of renewals. To the extent practicable, the quantity of eye drops in the early Refill will be limited to the amount remaining on the dosage that was initially dispensed. Your Cost-Sharing for the limited Refill is the amount that applies to each prescription or Refill as set forth in the Schedule of Benefits section of this Certificate.

C. Benefit and Payment Information.

1. Cost-Sharing Expenses. You are responsible for paying the costs outlined in the Schedule of Benefits section of this Certificate when Covered Prescription Drugs are obtained from a retail or designated pharmacy.

You have a three (3) tier plan design, which means that Your out-of-pocket expenses will generally be lowest for Prescription Drugs on tier 1 and highest for Prescription Drugs on tier 3. Your out-of-pocket expense for Prescription Drugs on tier 2 will generally be more than for tier 1 but less than tier 3.

For most Prescription Drugs, You pay only the Cost-Sharing in the Schedule of Benefits. An additional charge, called an “ancillary charge,” may apply to some Prescription Drugs when a Prescription Drug on a higher tier is dispensed at Your or Your Provider’s request and Our formulary includes a chemically equivalent Prescription Drug on a lower tier. You will pay the difference between the full cost of the Prescription Drug on the higher tier and the cost of the Prescription Drug on the lower tier. The cost difference is not Covered and must be paid by You in addition to the lower tier Cost-Sharing. If Your Provider thinks that a chemically equivalent Prescription Drug on a lower tier is not clinically appropriate, You, Your designee or Your Provider may request that We approve coverage at the higher tier Cost-Sharing. If approved, You will pay the higher tier Cost-Sharing only. If We do not approve coverage at the higher tier Cost-Sharing, You are entitled to an Appeal as outlined in the Utilization Review and External Appeal sections of this Certificate. The request for an approval should include a statement from Your Provider that the Prescription Drug at the lower tier is not clinically appropriate (e.g., it will be or has been ineffective or would have adverse effects.) We may also request clinical documentation to support this statement. If We do not approve coverage for the Prescription Drug on the higher tier, the ancillary charge will not apply toward Your In-Network Out-of-Pocket Limit.

You are responsible for paying the full cost (the amount the pharmacy charges You) for any non-Covered Prescription Drug, and Our contracted rates (Our Prescription Drug Cost) will not be available to You.

Coupons and Other Financial Assistance. We will apply any third-party payments, financial assistance, discounts, or other coupons that help You pay Your Cost-Sharing towards Your Deductible and In-Network Out-of-Pocket Limit.

This provision only applies to: 1) a Brand-Name Drug without an AB-rated generic equivalent, as determined by the FDA; 2) a Brand-Name Drug with an AB-rated generic equivalent, as determined by the FDA, and You have accessed the Brand-Name Drug through Preauthorization or an Appeal, including step-therapy protocol; and 3) all Generic Drugs.

2. Participating Pharmacies. For Prescription Drugs purchased at a retail, mail order, or designated Participating Pharmacy, You are responsible for paying the lower of:

- The applicable Cost-Sharing; or
- The Prescription Drug Cost for that Prescription Drug.

(Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

3. Non-Participating Pharmacies. If You purchase a Prescription Drug from a Non-Participating Pharmacy, You must pay for the Prescription Drug at the time it is dispensed and then file a claim for reimbursement with Us. We will not reimburse You for the difference between what You pay the Non-Participating Pharmacy and Our price for the Prescription Drug. In most cases, You will pay more if You purchase Prescription Drugs from a Non-Participating Pharmacy.

4. Designated Pharmacies. If You require certain Prescription Drugs including, but not limited to specialty Prescription Drugs, We may direct You to a Designated Pharmacy with whom We have an arrangement to provide those Prescription Drugs. However, if the Designated Pharmacy is not a retail pharmacy, You may also obtain these Prescription Drugs from a retail pharmacy when that retail pharmacy is a Participating Pharmacy and agrees to the same reimbursement amount as the Designated Pharmacy.

Generally, specialty Prescription Drugs are Prescription Drugs that are approved to treat limited patient populations or conditions; are normally injected, infused or require close monitoring by a Provider; or have limited availability, special dispensing and delivery requirements and/or require additional patient supports.

If You are directed to a Designated Pharmacy and You choose not to obtain Your Prescription Drug from a Designated Pharmacy, Your coverage will be subject to the out-of-network benefit for that Prescription Drug. However, if the Designated Pharmacy is not a retail pharmacy, You may obtain Your Prescription Drug at a retail Participating Pharmacy that agrees to the same reimbursement amount as the non-retail Designated Pharmacy.

- Rheumatologic and related conditions (rheumatoid arthritis, psoriatic arthritis, ankylosing spondylitis, juvenile rheumatoid arthritis, psoriasis)
- Transplant;
- RSV prevention.

5. Mail Order. Certain Prescription Drugs may be ordered through Our mail order pharmacy. You are responsible for paying the lower of:

- The applicable Cost-Sharing; or
- The Prescription Drug Cost for that Prescription Drug.

(Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

To maximize Your benefit, ask Your Provider to write Your Prescription Order or Refill for a 90-day supply, with Refills when appropriate (not a 30-day supply with three (3) Refills). You may be charged the mail order Cost-Sharing for any Prescription Orders or Refills sent to the mail order pharmacy regardless of the number of days' supply written on the Prescription Order or Refill.

Prescription Drugs purchased through mail order will be delivered directly to Your home or office.

You or Your Provider may obtain a copy of the list of Prescription Drugs available through mail order by visiting Our website www.optumrx.com or call the number on Your ID card.

6. Formulary Changes. Our Formulary is subject to Our periodic review and modification. However, a Prescription Drug will not be removed from Our Formulary during the Plan Year, except when the FDA determines that such Prescription Drug should be removed from the market. Before We remove a Prescription Drug from Our Formulary at the beginning of the upcoming Plan Year, We will provide at least 90 days' notice prior to the start of the Plan Year. We will also post such notice on Our website at www.studenthealthbenefits.cornell.edu.

We will not add utilization management restrictions (e.g., step therapy or Preauthorization requirements) to a Prescription Drug on Our Formulary during a Plan Year unless the requirements are added pursuant to FDA safety concerns.

7. Tier Status. A Prescription Drug will not be moved to a tier with a higher Cost-Sharing during the Plan Year, except a Brand-Name Drug may be moved to a tier with higher Cost-Sharing if an AB-rated generic equivalent or interchangeable biological product for that Prescription Drug is added to the Formulary at the same time. Additionally, a Prescription Drug may be moved to a tier with a higher Copayment during the Plan Year, although the change will not apply to You if You are already taking the Prescription Drug or You have been diagnosed or presented with a condition on or prior to the start of the Plan Year which is treated by such Prescription Drug or for which the Prescription Drug is or would be part of Your treatment regimen.

Before We move a Prescription Drug to a different tier, We will provide at least 90 days' notice prior to the start of the Plan Year. We will also post such notice on Our website at www.studenthealthbenefits.cornell.edu. If a Prescription Drug is moved to a different tier during the Plan Year for one of reasons described above, We will provide at least 30 days' notice before the change is effective. You will pay the Cost-Sharing applicable to the tier to which the Prescription Drug is assigned. You may access the most up to date tier status on Our website at www.studenthealthbenefits.cornell.edu or by calling the number on Your ID card.

8. Formulary Exception Process. If a Prescription Drug is not on Our Formulary You, Your designee or Your prescribing Health Care Professional may request a Formulary exception for a clinically-appropriate Prescription Drug in writing, electronically or telephonically. The request should include a statement from Your prescribing Health Care Professional that all Formulary drugs will be or have been ineffective, would not be as effective as the non-Formulary drug, or would have adverse effects. If coverage is denied under Our standard or expedited Formulary exception process, You are entitled to an external appeal as outlined in the External Appeal section of this Certificate. Visit Our website at www.optumrx.com or call the number on Your ID card to find out more about this process.

Standard Review of a Formulary Exception. We will make a decision and notify You or Your designee and the prescribing Health Care Professional by telephone and in writing no later than 72 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

Expedited Review of a Formulary Exception. If You are suffering from a health condition that may seriously jeopardize Your health, life or ability to regain maximum function or if You are undergoing a current course of treatment using a non-Formulary Prescription Drug, You may request an expedited review of a Formulary exception. The request should include a statement from Your prescribing Health Care Professional that harm could reasonably come to You if the requested drug is not provided within the timeframes for Our standard Formulary exception process. We will make a decision and notify You or Your designee and the prescribing Health Care Professional by telephone and in writing no later than 24 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-Formulary Prescription Drug.

9. Supply Limits. Except for contraceptive drugs, devices, or products, We will pay for no more than a 30-day supply of a Prescription Drug purchased at a retail pharmacy. You are responsible for one (1) Cost-Sharing amount for up to a 30-day supply. However, for Maintenance Drugs We will pay for up to a 90-day supply of a drug purchased at a retail pharmacy. You are responsible for up to three (3) Cost-Sharing amounts for a 90-day supply at a retail pharmacy.

You may have the entire supply (of up to 12 months) of the contraceptive drug, device or product dispensed at the same time. Contraceptive drugs, devices, or products are not subject to Cost-Sharing when provided by a Participating Pharmacy.

Benefits will be provided for Prescription Drugs dispensed by a mail order pharmacy in a quantity of up to a 90-day supply. You are responsible for one (1) Cost-Sharing amount for a 30-day supply up to a maximum of three (3) Cost-Sharing amounts for a 90-day supply.

Specialty Prescription Drugs may be limited to a 30-day supply when obtained at a retail or mail order pharmacy. You may access Our website www.optumrx.com or by calling the number on Your ID card for more information on supply limits for specialty Prescription Drugs.

Some Prescription Drugs may be subject to quantity limits based on criteria that We have developed, subject to Our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply. You can determine whether a Prescription Drug has been

assigned a maximum quantity level for dispensing by accessing Our website or by calling the number on Your ID card. If We deny a request to Cover an amount that exceeds Our quantity level, You are entitled to an Appeal pursuant to the Utilization Review and External Appeal sections of this Certificate.

10. Initial Limited Supply of Prescription Opioid Drugs. If you receive an initial limited prescription for a seven (7) day supply or less of any schedule II, III, or IV opioid prescribed for Acute pain, and You have a Copayment, Your Copayment will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If You receive an additional supply of the Prescription Drug within the same 30-day period in which You received the seven (7) day supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.

11. Emergency Refill During a State Disaster Emergency. If a state disaster emergency is declared, You, Your designee, or Your Health Care Provider on Your behalf, may immediately get a 30-day Refill of a Prescription Drug You are currently taking. You will pay the Cost-Sharing that applies to a 30-day Refill. Certain Prescription Drugs, as determined by the New York Commissioner of Health are not eligible for this emergency Refill, including schedule II and III controlled substances.

12. Cost-Sharing for Orally-Administered Anti-Cancer Drugs. Your Cost-Sharing for orally-administered anti-cancer drugs is at least as favorable to You as the Cost-Sharing amount, if any, that applies to intravenous or injected anticancer medications Covered under the Outpatient and Professional Services section of this Certificate.

D. Medical Management.

This Certificate includes certain features to determine when Prescription Drugs should be Covered, which are described below. As part of these features, Your prescribing Provider may be asked to give more details before We can decide if the Prescription Drug is Medically Necessary.

- 1. Preauthorization.** Preauthorization may be needed for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. When appropriate, Your Provider will be responsible for obtaining Preauthorization for the Prescription Drug. Should You choose to purchase the Prescription Drug without obtaining Preauthorization, You must pay for the cost of the entire Prescription Drug and submit a claim to Us for reimbursement. Preauthorization is not required for Covered antiretroviral Prescription Drugs for the treatment or prevention of HIV or AIDS and medications to treat substance use disorder, including opioid overdose reversal medications prescribed or dispensed to You.

For a list of Prescription Drugs that need Preauthorization, please visit Our website at studenthealthbenefits.cornell.edu. The list will be reviewed and updated from time to time. We also reserve the right to require Preauthorization for any new Prescription Drug on the market. However, We will not add Preauthorization requirements to a Prescription Drug on Our Formulary during a plan Year unless the requirements are added pursuant

to FDA safety concerns. Your Provider may check with Us to find out which Prescription Drugs are Covered.

2. Step Therapy. Step therapy is a process in which You may need to try and fail on up to two (2) Prescription Drugs to treat Your medical condition or disease before We will Cover another as Medically Necessary. A “step therapy protocol” means Our policy, protocol or program that establishes the sequence in which We approve Prescription Drugs for Your medical condition. When establishing a step therapy protocol, We will use recognized evidence-based and peer reviewed clinical review criteria that also takes into account the needs of atypical patient populations and diagnoses. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost-effective Prescription Drugs. We will not require You to use a Prescription Drug that has not been approved by the FDA for Your medical condition or is not supported by current evidence-based guidelines for Your medical condition. We will not apply the step therapy protocol if a therapeutic equivalent to the requested Prescription Drug is not available or if We have documentation that We have Covered the requested Prescription Drug for You in the last 365 days. The step therapy protocol will not apply for more than thirty days, or the duration of treatment supported by current evidence-based treatment guidelines for Your medical condition. If You are newly enrolled under this Certificate and You completed a step therapy protocol for the requested Prescription Drug with a previous health plan within the last 365 days and You or Your Provider submits information to Us demonstrating completion of the step therapy protocol, Our step therapy protocol will not apply to the requested Prescription Drug. The Prescription Drugs that require Preauthorization under the step therapy program are also included on the Preauthorization drug list. If a step therapy protocol is applicable to Your request for coverage of a Prescription Drug, You, Your designee, or Your Health Care Professional can request a step therapy override determination as outlined in the Utilization Review section of this Certificate. If We Cover a Prescription Drug following a step therapy override determination, then a Formulary change or any medical management change will not require You to complete our step therapy protocol until Your override determination expires, unless there exists a specifically identified and current evidence-based safety concern and a therapeutic alternative Prescription Drug exists. We will not add step therapy requirements to a Prescription Drug on Our Formulary during a Plan Year unless the requirements are added pursuant to FDA safety concerns.

2. Therapeutic Substitution. Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed drugs. We may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You. We have a therapeutic drug substitutes list, which We review and update from time to time. For

questions or issues about therapeutic drug substitutes, visit Our website at www.optumrx.com or call the number on Your ID card.

E. Limitations/Terms of Coverage.

1. We reserve the right to limit quantities, day supply, early Refill access and/or duration of therapy for certain medications based on Medical Necessity including acceptable medical standards and/or FDA recommended guidelines.
2. If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies and prescribing Providers may be limited. If this happens, We may require You to select a single Participating Pharmacy and a single Provider that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating Pharmacy. Benefits will be paid only if Your Prescription Order or Refills are written by the selected Provider or a Provider authorized by Your selected provider. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy and/or prescribing Provider for You.
3. Compounded Prescription Drugs will be Covered only when the primary ingredient is a Covered legend Prescription Drug, and are obtained from a pharmacy that is approved for compounding. All compounded Prescription Drugs over \$200 require Your Provider to obtain Preauthorization. Compounded Prescription Drugs are on tier 3.
4. Various specific and/or generalized “use management” protocols will be used from time to time in order to ensure appropriate utilization of Prescription Drugs. Such protocols will be consistent with standard medical/drug treatment guidelines. The primary goal of the protocols is to provide Our Members with a quality-focused Prescription Drug benefit. In the event a use management protocol is implemented, and You are taking the drug(s) affected by the protocol, You will be notified in advance.
5. Injectable drugs (other than self-administered injectable drugs) are not Covered under this section but are Covered under other sections of this Certificate. Your benefit for diabetic insulin, oral hypoglycemics, and diabetic Prescription Drugs, diabetic supplies, and equipment will be provided under this section of the Certificate if the Cost-Sharing is more favorable to You under this section of the Certificate than the Additional Benefits, Equipment and Devices section of this Certificate.
6. We do not Cover charges for the administration or injection of any Prescription Drug. Prescription Drugs given or administered in a Physician’s office are Covered under the Outpatient and Professional Services section of this Certificate.

7. We do not Cover drugs that do not by law require a prescription, except for smoking cessation drugs for which there is a written order, over-the-counter preventive drugs or devices provided in accordance with the comprehensive guidelines supported by HRSA or with an “A” or “B” rating from USPSTF for which there is a written order, or as otherwise provided in this Certificate. We do not Cover Prescription Drugs that have over-the-counter non-prescription equivalents, except if specifically designated as Covered in the drug Formulary. Non-prescription equivalents are drugs available without a prescription that have the same name/chemical entity as their prescription counterparts. We do not Cover repackaged products such as therapeutic kits or convenience packs that contain a Covered Prescription Drug unless the Prescription Drug is only available as part of a therapeutic kit or convenience pack. Therapeutic kits or convenience packs contain one or more Prescription Drug(s) and may be packaged with over-the-counter items, such as gloves, finger cots, hygienic wipes or topical emollients.
8. We do not Cover Prescription Drugs to replace those that may have been lost or stolen.
9. We do not Cover Prescription Drugs dispensed to You while in a Hospital, nursing home, other institution, Facility, or if You are a home care patient, except in those cases where the basis of payment by or on behalf of You to the Hospital, nursing home, Home Health Agency or home care services agency, or other institution, does not include services for drugs.
10. We reserve the right to deny benefits as not Medically Necessary or experimental or investigational for any drug prescribed or dispensed in a manner contrary to standard medical practice. If coverage is denied, You are entitled to an Appeal as described in the Utilization Review and External Appeal sections of this Certificate.
11. A pharmacy need not dispense a Prescription Order that, in the pharmacist’s professional judgment, should not be filled.

F. General Conditions.

1. You must show Your ID card to a retail pharmacy at the time You obtain Your Prescription Drug or You must provide the pharmacy with identifying information that can be verified by Us during regular business hours.

2. Drug Utilization, Cost Management and Rebates. We conduct various utilization management activities designed to ensure appropriate Prescription Drug usage, to avoid inappropriate usage, and to encourage the use of cost-effective drugs. Through these efforts, You benefit by obtaining appropriate Prescription Drugs in a cost-effective manner. The cost savings resulting from these activities are reflected in the Premiums for Your coverage.

We may also, from time to time, enter into agreements that result in Us receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others. Any rebates are based upon utilization of Prescription Drugs across all of Our business and not solely on any one Member’s utilization of Prescription Drugs. Any rebates received by Us may or may not be applied, in whole or part, to reduce premiums either through an adjustment to claims costs or as an adjustment to the administrative expenses component of Our Prescription Drug premiums. Any such rebates may be retained by Us, in whole or part, in order to fund such activities as new utilization management activities, community benefit activities and increasing reserves for the protection of Members. Rebates will not change or reduce the amount of any Copayment or Coinsurance applicable under Our Prescription Drug coverage.

- 2. V. Workers' Compensation.

We do not Cover services if benefits for such services are provided under any state or federal Workers' Compensation, employers' liability or occupational disease law.

SECTION XVIII

Claim Determinations

A. Claims.

A claim is a request that benefits or services be provided or paid according to the terms of this Certificate. When You receive services from a Participating Provider, You will not need to submit a claim form. However, if You receive services from a Non-Participating Provider either You or the Provider must file a claim form with Us. If the Non-Participating Provider is not willing to file the claim form, You will need to file it with Us.

B. Notice of Claim.

Claims for services must include all information designated by Us as necessary to process the claim, including, but not limited to: Member identification number; name; date of birth; date of service; type of service; the charge for each service; procedure code for the service as applicable; diagnosis code; name and address of the Provider making the charge; and supporting medical records, when necessary. A claim that fails to contain all necessary information will not be accepted and must be resubmitted with all necessary information. Claim forms are available from Us by calling the number on Your ID card or visiting Our website www.aetnastudenthealth.com. Completed claim forms should be sent to the address in the How Your Coverage Works section of this Certificate or on Your ID card. You may also submit a claim to Us electronically by visiting Our website www.aetnastudenthealth.com, and logging into the member portal.

C. Timeframe for Filing Claims.

Claims for services must be submitted to Us for payment within 120 days after You receive the services for which payment is being requested. If it is not reasonably possible to submit a claim within the 120-day period, You must submit it as soon as reasonably possible.

D. Claims for Prohibited Referrals.

We are not required to pay any claim, bill or other demand or request by a Provider for clinical laboratory services, pharmacy services, radiation therapy services, physical therapy services or x-ray or imaging services furnished pursuant to a referral prohibited by New York Public Health Law Section 238-a(1).

E. Claim Determinations.

Our claim determination procedure applies to all claims that do not relate to a medical necessity or experimental or investigational determination. For example, Our claim determination procedure applies to contractual benefit denials. If You disagree with Our claim determination, You may submit a Grievance pursuant to the Grievance Procedures section of this Certificate.

For a description of the Utilization Review procedures and Appeal process for medical necessity or experimental or investigational determinations, see the Utilization Review and External Appeal sections of this Certificate.

F. Pre-Service Claim Determinations.

1. A pre-service claim is a request that a service or treatment be approved before it has been received. If We have all the information necessary to make a determination regarding a pre-service claim (e.g., a covered benefit determination), We will make a determination and provide notice to You (or Your designee) within 15 days from receipt of the claim.

If We need additional information, We will request it within 15 days from receipt of the claim. You will have 45 calendar days to submit the information. If We receive the information within 45 days, We will make a determination and provide notice to You (or Your designee) in writing, within 15 days of Our receipt of the information. If all necessary information is not received within 45 days, We will make a determination within 15 calendar days of the end of the 45-day period.

2. **Urgent Pre-Service Reviews.** With respect to urgent pre-service requests, if We have all information necessary to make a determination, We will make a determination and provide notice to You (or Your designee) by telephone, within 72 hours of receipt of the request. Written notice will follow within three (3) calendar days of the decision. If We need additional information, We will request it within 24 hours. You will then have 48 hours to submit the information. We will make a determination and provide notice to You (or Your designee) by telephone within 48 hours of the earlier of Our receipt of the information or the end of the 48-hour period. Written notice will follow within three (3) calendar days of the decision.

G. Post-Service Claim Determinations.

A post-service claim is a request for a service or treatment that You have already received. If We have all information necessary to make a determination regarding a post-service claim, We will make a determination and notify You (or Your designee) within 30 calendar days of the receipt of the claim if We deny the claim in whole or in part. If We need additional information, We will request it within 30 calendar days. You will then have 45 calendar days to provide the information. We will make a determination and provide notice to You (or Your designee) in writing within 15 calendar days of the earlier of Our receipt of the information or the end of the 45-day period if We deny the claim in whole or in part.

H. Payment of Claims.

Where Our obligation to pay a claim is reasonably clear, We will pay the claim within 30 days of receipt of the claim (when submitted through the internet or e-mail) and 45 days of receipt of the claim (when submitted through other means, including paper or fax). If We request additional information, We will pay the claim within 15 days of Our determination that payment is due but no later than 30 days (for claims submitted through the internet or e-mail) or 45 days (for claims submitted through other means, including paper or fax) of receipt of the information.

SECTION XIX

Grievance Procedures

A. Grievances.

Our Grievance procedure applies to any issue not relating to a Medical Necessity or experimental or investigational determination by Us. For example, it applies to contractual benefit denials or issues or concerns You have regarding Our administrative policies or access to Providers.

B. Filing a Grievance.

You can contact Us by phone at the number on Your ID card or in writing to file a Grievance. You may submit an oral Grievance in connection with a denial of a Referral or a covered benefit determination. We may require that You sign a written acknowledgement of Your oral Grievance, prepared by Us. You or Your designee has up to 180 calendar days from when You received the decision You are asking Us to review to file the Grievance.

When We receive Your Grievance, We will mail an acknowledgment letter within 15 business days. The acknowledgment letter will include the name, address and telephone number of the person handling Your Grievance, and indicate what additional information, if any, must be provided.

We keep all requests and discussions confidential and We will take no discriminatory action because of Your issue. We have a process for both standard and expedited Grievances, depending on the nature of Your inquiry.

You may ask that We send You electronic notification of a Grievance determination instead of notice in writing or by telephone. You must tell Us in advance if You want to receive electronic notifications. To opt into electronic notifications, call the number on Your ID card. You can opt out of electronic notifications at any time.

C. Grievance Determination.

Qualified personnel will review Your Grievance, or if it is a clinical matter, a licensed, certified or registered Health Care Professional will look into it. We will decide the Grievance and notify You within the following timeframes:

SECTION XX

Utilization Review

A. Utilization Review.

We review health services to determine whether the services are or were Medically Necessary or experimental or investigational ("Medically Necessary"). This process is called Utilization Review. Utilization Review includes all review activities, whether they take place prior to the service being performed (Preauthorization); when the service is being performed (concurrent); or after the service is performed (retrospective). If You have any questions about the Utilization Review process, please call the number on Your ID card or visit Our website www.aetnastudenthealth.com. The toll-free telephone number is available at least 40 hours a week with an after-hours answering machine.

Initial determinations that services are not Medically Necessary will be made by: 1) licensed Physicians; or 2) licensed, certified, registered or credentialed Health Care Professionals who are in the same profession and same or similar specialty as the Provider who typically manages Your medical condition or disease or provides the health care service under review; or 3) for mental health or substance use disorder treatment, licensed Physicians or licensed, certified, registered or credentialed Health Care Professionals who specialize in behavioral health and have experience in the delivery of mental health or substance use disorder courses of treatment. Appeal determinations that services are not Medically Necessary will be made by: 1) licensed Physicians who are board certified or board eligible in the same or similar specialty as the Provider who typically manages Your medical condition or disease or provides the health care service under review; or 2) licensed, certified, registered or credentialed Health Care Professionals who are in the same profession and same or similar specialty as the Provider who typically manages Your medical condition or disease or provides the health care service under review; or 3) for mental health or substance use disorder treatment, licensed Physicians or licensed, certified, registered or credentialed Health Care Professionals who specialize in behavioral health and have experience in the delivery of mental health or substance use disorder courses of treatment. We do not compensate or provide financial incentives to Our employees or reviewers for determining that services are not Medically Necessary.

We have developed guidelines and protocols to assist Us in this process. We will use evidence-based and peer reviewed clinical review criteria that are appropriate to the age of the patient and designated by OASAS for substance use disorder treatment or approved for use by OMH for mental health treatment. Specific guidelines and protocols are available for Your review upon request. For more information, call the number on Your ID card or visit Our website www.aetnastudenthealth.com.

You may ask that We send You electronic notification of a Utilization Review determination instead of notice in writing or by telephone. You must tell Us in advance if You want to receive electronic notifications. To opt into electronic notifications, call the

number on Your ID card or visit Our website www.aetnastudenthealth.com. You can opt out of electronic notifications at any time.

B. Preauthorization Reviews.

1. **Non-Urgent Preauthorization Reviews.** If We have all the information necessary to make a determination regarding a Preauthorization review, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within three (3) business days of receipt of the request.

If We need additional information, We will request it within three (3) business days. You or Your Provider will then have 45 calendar days to submit the information. If We receive the requested information within 45 days, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within three (3) business days of Our receipt of the information. If all necessary information is not received within 45 days, We will make a determination within 15 calendar days of the earlier of the receipt of part of the requested information or the end of the 45-day period.

2. **Urgent Preauthorization Reviews.** With respect to urgent Preauthorization requests, if We have all information necessary to make a determination, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone, within 72 hours of receipt of the request. Written notice will be provided within three (3) business days of receipt of the request. If We need additional information, We will request it within 24 hours. You or Your Provider will then have 48 hours to submit the information. We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone and in writing within 48 hours of the earlier of Our receipt of the information or the end of the 48-hour period.
3. **Court Ordered Treatment.** With respect to requests for mental health and/or substance use disorder services that have not yet been provided, if You (or Your designee) certify, in a format prescribed by the Superintendent of Financial Services, that You will be appearing, or have appeared, before a court of competent jurisdiction and may be subject to a court order requiring such services, We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 72 hours of receipt of the request. Written notification will be provided within three (3) business days of Our receipt of the request. Where feasible, the telephonic and written notification will also be provided to the court.
4. **Inpatient Rehabilitation Services Review.** After receiving a Preauthorization request for coverage of inpatient rehabilitation services following an inpatient Hospital admission provided by a Hospital or skilled nursing facility, We will make a determination and provide notice to You (or Your designee) and Your Provider,

by telephone and in writing, within one (1) business day of receipt of the necessary information.

5. **Crisis Stabilization Centers.** Services provided by participating crisis stabilization centers licensed under New York Mental Hygiene Law section 36.01 and, in other states, those which are accredited by the joint commission as alcoholism or chemical dependence substance use treatment programs and are similarly licensed, certified or otherwise authorized in the state where the Facility is located, are not subject to Preauthorization. We may review the treatment provided at crisis stabilization centers retrospectively to determine whether it was Medically Necessary, and We will use clinical review tools designated by OASAS or approved by OMH. If any treatment by a participating crisis stabilization center is denied as not Medically Necessary, You are only responsible for the In-Network Cost-Sharing that would otherwise apply to Your treatment.
6. **Preauthorization for Rabies Treatment.** Post-exposure rabies treatment authorized by a county health authority is sufficient to be considered Preauthorized by Us.

C. Concurrent Reviews.

1. **Non-Urgent Concurrent Reviews.** Utilization Review decisions for services during the course of care (concurrent reviews) will be made, and notice provided to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of receipt of all necessary information. If We need additional information, We will request it within one (1) business day. You or Your Provider will then have 45 calendar days to submit the information. We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of Our receipt of the information or, if We do not receive the information, within the earlier of 15 calendar days of the receipt of part of the requested information or 15 calendar days of the end of the 45-day period.
2. **Urgent Concurrent Reviews.** For concurrent reviews that involve an extension of urgent care, if the request for coverage is made at least 24 hours prior to the expiration of a previously approved treatment, We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 24 hours of receipt of the request. Written notice will be provided within one (1) business day of receipt of the request.

If the request for coverage is not made at least 24 hours prior to the expiration of a previously approved treatment and We have all the information necessary to make a determination, We will make a determination and provide written notice to You (or Your designee) and Your Provider within the earlier of 72 hours or one (1) business day of receipt of the request. If We need additional information, We will request it within 24 hours. You or Your Provider will then have 48 hours to submit the information. We will make a determination and provide written notice to You

(or Your designee) and Your Provider within the earlier of one (1) business day or 48 hours of Our receipt of the information or, if we do not receive the information, within 48 hours of the end of the 48-hour period.

3. **Inpatient Substance Use Disorder Treatment Reviews.** If a request for inpatient substance use disorder treatment is submitted to Us at least 24 hours prior to discharge from an inpatient substance use disorder treatment admission, We will make a determination within 24 hours of receipt of the request and We will provide coverage for the inpatient substance use disorder treatment while Our determination is pending.

4. **Inpatient Mental Health Treatment at Participating Hospitals or Participating Crisis Residence Facilities Licensed or Operated by the Office of Mental Health (OMH).**

Inpatient mental health treatment at a participating Hospital as defined in New York Mental Hygiene Law Section 1.03(10) or sub-acute mental health treatment at a participating crisis residence Facility that is licensed or operated by OMH is not subject to Preauthorization.

If You are under 18 years of age, coverage is not subject to concurrent review for the first 14 days of the inpatient admission if the Hospital or Facility notifies Us of both the admission and the initial treatment plan within two (2) business days of the admission, performs daily clinical review, and participates in periodic consultation with Us to ensure that the Hospital or Facility is using the OMH-approved evidence-based and peer reviewed clinical review criteria utilized by Us and appropriate to Your age.

If You are 18 years of age or older, coverage is not subject to concurrent review during the first 30 days of the admission if the Hospital or Facility notifies Us of both the admission and the initial treatment plan within two (2) business days of the admission, performs daily clinical review, and participates in periodic consultation with Us to ensure that the Hospital or Facility is using the OMH-approved evidence-based and peer reviewed clinical review criteria utilized by Us and appropriate to Your age. However, We may perform concurrent review during the first 30 days if You meet clinical criteria designated by OMH or where You are admitted to a Hospital or Facility which has been designated by OMH for concurrent review.

Regardless of Your age, We may review the entire stay to determine whether it was Medically Necessary. If any portion of the stay is denied as not Medically Necessary, You are only responsible for the In-Network Cost-Sharing that would otherwise apply to Your admission.

5. **Inpatient Substance Use Disorder Treatment at Participating Facilities Licensed, Certified or Otherwise Authorized by OASAS.** Inpatient substance use disorder treatment at a participating Facility that is licensed, certified or

otherwise authorized by OASAS is not subject to Preauthorization. Coverage will not be subject to concurrent review for the first 28 days of the inpatient admission if the Facility notifies Us of both the admission and the initial treatment plan within two (2) business days of the admission. After the first 28 days of the inpatient admission, We may review the entire stay to determine whether it is Medically Necessary and We will use clinical review tools designated by OASAS. If any portion of the stay is denied as not Medically Necessary, You are only responsible for the In-Network Cost-Sharing that would otherwise apply to Your inpatient admission.

- 6. Outpatient Substance Use Disorder Treatment at Participating Facilities Licensed, Certified or Otherwise Authorized by OASAS.** Outpatient, intensive outpatient, outpatient rehabilitation and opioid treatment at a participating Facility that is licensed, certified or otherwise authorized by OASAS is not subject to Preauthorization. Coverage will not be subject to concurrent review for the first four (4) weeks of continuous treatment, not to exceed 28 visits, if the Facility notifies Us of both the start of treatment and the initial treatment plan within two (2) business days. After the first four (4) weeks of continuous treatment, not to exceed 28 visits, We may review the entire outpatient treatment to determine whether it is Medically Necessary and We will use clinical review tools designated by OASAS. If any portion of the outpatient treatment is denied as not Medically Necessary, You are only responsible for the In-Network Cost-Sharing that would otherwise apply to Your outpatient treatment.

D. Retrospective Reviews.

If We have all information necessary to make a determination regarding a retrospective claim, We will make a determination and notify You and Your Provider within 30 calendar days of the receipt of the request. If We need additional information, We will request it within 30 calendar days. You or Your Provider will then have 45 calendar days to provide the information. We will make a determination and provide notice to You and Your Provider in writing within 15 calendar days of the earlier of Our receipt of all or part of the requested information or the end of the 45-day period.

Once We have all the information to make a decision, Our failure to make a Utilization Review determination within the applicable time frames set forth above will be deemed an adverse determination subject to an internal Appeal.

E. Retrospective Review of Preauthorized Services.

We may only reverse a preauthorized treatment, service or procedure on retrospective review when:

- The relevant medical information presented to Us upon retrospective review is materially different from the information presented during the Preauthorization review;
- The relevant medical information presented to Us upon retrospective review existed at the time of the Preauthorization but was withheld or not made available to Us;

- We were not aware of the existence of such information at the time of the Preauthorization review; and
- Had We been aware of such information, the treatment, service or procedure being requested would not have been authorized. The determination is made using the same specific standards, criteria or procedures as used during the Preauthorization review.

F. Step Therapy Override Determinations.

You, Your designee, or Your Health Care Professional may request a step therapy protocol override determination for Coverage of a Prescription Drug selected by Your Health Care Professional. When conducting Utilization Review for a step therapy protocol override determination, We will use recognized evidence-based and peer reviewed clinical review criteria that is appropriate for You and Your medical condition.

- 1. Supporting Rationale and Documentation.** A step therapy protocol override determination request must include supporting rationale and documentation from a Health Care Professional, demonstrating that:
 - The required Prescription Drug(s) is contraindicated or will likely cause an adverse reaction or physical or mental harm to You;
 - The required Prescription Drug(s) is expected to be ineffective based on Your known clinical history, condition, and Prescription Drug regimen;
 - You have tried the required Prescription Drug(s) while covered by Us or under Your previous health insurance coverage, or another Prescription Drug in the same pharmacologic class or with the same mechanism of action, and that Prescription Drug(s) was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event. We will accept any written or electronic attestation submitted by Your Health Care Professional, who prescribed the Prescription Drug, stating that a required Prescription Drug has failed, as evidence that the required Prescription Drug has failed;
 - You are stable on a Prescription Drug(s) selected by Your Health Care Professional for Your medical condition, provided this does not prevent Us from requiring You to try an AB-rated generic equivalent; or
 - The required Prescription Drug(s) is not in Your best interest because it will likely cause a significant barrier to Your adherence to or compliance with Your plan of care, will likely worsen a comorbid condition, or will likely decrease Your ability to achieve or maintain reasonable functional ability in performing daily activities.
- 2. Standard Review.** We will make a step therapy protocol override determination and provide notification to You (or Your designee) and where appropriate, Your Health Care Professional, within 72 hours of receipt of the supporting rationale and documentation.
- 3. Expedited Review.** If You have a medical condition that places Your health in serious jeopardy without the Prescription Drug prescribed by Your Health Care

Professional, We will make a step therapy protocol override determination and provide notification to You (or Your designee) and Your Health Care Professional within 24 hours of receipt of the supporting rationale and documentation.

If the required supporting rationale and documentation are not submitted with a step therapy protocol override determination request, We will request the information within 72 hours for Preauthorization and retrospective reviews, the lesser of 72 hours or one (1) business day for concurrent reviews, and 24 hours for expedited reviews. You or Your Health Care Professional will have 45 calendar days to submit the information for Preauthorization, concurrent and retrospective reviews, and 48 hours for expedited reviews. For Preauthorization reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For concurrent reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours or one (1) business day of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For retrospective reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For expedited reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 24 hours of Our receipt of the information or 48 hours of the end of the 48-hour period if the information is not received.

If We do not make a determination within 72 hours (or 24 hours for expedited reviews) of receipt of the supporting rationale and documentation, the step therapy protocol override request will be approved. If We fail to comply with any of the step therapy protocol requirements in New York Insurance Law Section 4902(a)(15) and (16), We will approve a step therapy override determination, absent fraud.

If We determine that the step therapy protocol should be overridden, We will authorize immediate coverage for the Prescription Drug prescribed by Your treating Health Care Professional. A step therapy override determination will be in effect until the lesser of either Your treatment duration based on current evidence-based treatment guidelines or 12 months following Our approval of the override determination or renewal of Your Certificate. An adverse step therapy override determination is eligible for an Appeal.

G. Reconsideration.

If We did not attempt to consult with Your Provider who recommended the Covered Service before making an adverse determination, the Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination or a designated clinical peer reviewer if the original clinical peer reviewer is unavailable. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is

upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.

H. Utilization Review Internal Appeals.

You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling Your Appeal and, if necessary, inform You of any additional information needed before a decision can be made. The Appeal will be decided by a clinical peer reviewer who is not subordinate to the clinical peer reviewer who made the initial adverse determination and who is 1) a Physician or 2) a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue.

1. **Out-of-Network Service Denial.** You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
 - A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
 - Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

2. **Out-of-Network Authorization Denial.** You also have the right to Appeal the denial of a request for an authorization to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service. For a Utilization Review Appeal of an out-of-network authorization denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:

- That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and
- Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

I. Standard Appeal.

1. **Preauthorization Appeal.** If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.
2. **Retrospective Appeal.** If Your Appeal relates to a retrospective claim, We will decide the Appeal within the earlier of 30 calendar days of receipt of the information necessary to conduct the Appeal or 60 days of receipt of the Appeal. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 60 calendar days after receipt of the Appeal request.
3. **Expedited Appeal.** An Appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal. Written notice of the determination will be provided to You (or Your designee) within 24 hours after the determination is made, but no later than 72 hours after receipt of the Appeal request.

Our failure to render a determination of Your Appeal within 30 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

4. **Substance Use Appeal.** If We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an

inpatient admission, and You or Your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file the expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external appeal is pending.

J. Full and Fair Review of an Appeal.

We will provide You, free of charge, with any new or additional evidence considered, relied upon, or generated by Us or any new or additional rationale in connection with Your Appeal. The evidence or rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final adverse determination is required to be provided to give You a reasonable opportunity to respond prior to that date.

SECTION XXI

External Appeal

A. Your Right to an External Appeal.

In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medically Necessary (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, or is an emergency service or a surprise bill (including whether the correct Cost-Sharing was applied), You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two (2) requirements:

- The service, procedure, or treatment must otherwise be a Covered Service under this Certificate; and
- In general, You must have received a final adverse determination through Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through Our internal Appeal process if:
 - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
 - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
 - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right to Appeal a Determination that a Service is Not Medically Necessary.

If We have denied coverage on the basis that the service is not Medically Necessary, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your Right to Appeal a Determination that a Service is Experimental or Investigational.

If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; or
2. There does not exist a more beneficial standard service or procedure Covered by

Us; or

3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation – Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or
2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or
3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network or that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. Your Right to Appeal a Determination that a Service is Out-of-Network.

If We have denied coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above, and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your Right to Appeal an Out-of-Network Authorization Denial to a Non-Participating Provider.

If We have denied coverage of a request for an authorization to a Non-Participating Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide

the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.

In addition, Your attending Physician must: 1) certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and 2) recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your Right to Appeal a Formulary Exception Denial.

If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug Coverage section of this Certificate for more information on the formulary exception process.

G. The External Appeal Process.

You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests

additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

If Your internal formulary exception request received a standard review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional by telephone within 72 hours of receipt of Your completed application. The External Appeal Agent will notify You or Your designee and the prescribing Health Care Professional in writing within two (2) business days of making a determination. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

If Your internal formulary exception request received an expedited review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional by telephone within 24 hours of receipt of Your completed application. The External Appeal Agent will notify You or Your designee and the prescribing Health Care Professional in writing within 72 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-formulary Prescription Drug.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment or an out-of-network treatment, We will provide coverage subject to the other terms and conditions of this Certificate. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the research, or costs that would not be Covered under this Certificate for non-investigational treatments provided in the clinical trial.

The External Appeal Agent's decision is binding on both You and Us. The External Appeal Agent's decision is admissible in any court proceeding.

H. Your Responsibilities.

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.

SECTION XXII

Termination of Coverage

Coverage under this Certificate will automatically be terminated on the first of the following to apply:

1. The Student has failed to pay Premiums within 30 days of when Premiums are due. Coverage will terminate as of the last day for which Premiums were paid.
2. The end of the month in which the Student ceases to meet the eligibility requirements as defined by the Us. We will provide written notice to the Student at least 30 days prior to when the coverage will cease.
3. Upon the Student's death, coverage will terminate unless the Student has coverage for Dependents. If the Student has coverage for Dependents, then coverage will terminate as of the last day of the month for which the Premium has been paid.
4. For Spouses in cases of divorce, the date of the divorce.
5. For Children, until the end of the month in which the Child turns 26 years of age.
6. For all other Dependents, the end of the month in which the Dependent ceases to be eligible.
7. The end of the month during which the Student provides written notice to Us requesting termination of coverage, or on such later date requested for such termination by the notice.
8. If a Student or the Student's Dependent has performed an act that constitutes fraud or the Student has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, coverage will terminate immediately upon written notice of termination delivered by Us to the Student and/or the Student's Dependent, as applicable. If termination is a result of the Student's action, coverage will terminate for the Student and any Dependents. If termination is a result of the Dependent's action, coverage will terminate for the Dependent.
9. If the Student makes an intentional misrepresentation of material fact in writing on his or her enrollment application, We will rescind coverage, after 30 days' prior written notice, if the facts misrepresented would have led Us to refuse to issue the coverage. Rescission means that the termination of Your coverage will have a retroactive effect of up to Your enrollment under the Certificate.

10. For such other reasons that are acceptable to the superintendent and authorized by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and any later amendments or successor provisions, or by any federal regulations or rules that implement the provisions of the Act.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.

See the Continuation of Coverage section of this Certificate for Your right to continuation of this coverage.

Refund Policy

Full refunds are only available if the university has removed all tuition charges per the university tuition refund policy: <https://bursar.cornell.edu/students-parents/leaving>.

Pro-rated refunds for pre-paid periods following the date of policy termination, calculated using whole calendar months of pre-paid coverage, are provided for approved termination requests received on or prior to April 30th of the policy year.

Except as provided in the following paragraph, under no circumstances shall retroactive refunds be provided.

If Your status as a Student changes with the university to “cancel/withdraw” or “no-show” AND You are eligible for a full tuition refund for the academic term per the university tuition refund policy <https://bursar.cornell.edu/students-parents/leaving>, You will not be Covered under the Certificate and any premium paid will be refunded. We will send You notification when this occurs within 10 business days of the date We process the refund of your coverage.

Exception: A Member entering the armed forces of any country will not be covered under the Certificate as of the date of such entry. In this case, a pro-rata refund of premium will be made for any such person and any Covered Dependents upon written request received by Us within 90 days of withdrawal from school.

SECTION XXIII

Extension of Benefits

When Your coverage under this Certificate ends, benefits stop. But, if You are totally disabled on the date Your coverage under this Certificate terminates, continued benefits may be available for the treatment of the injury or sickness that is the cause of the total disability. If you are pregnant on the date Your coverage under this Certificate terminates, continued benefits may be available for Your maternity care.

For purposes of this section, “total disability” means You are prevented because of injury or disease from engaging in any work or other gainful activity. Total disability for a minor means that the minor is prevented because of injury or disease from engaging in substantially all of the normal activities of a person of like age and sex who is in good health.

A. When You May Continue Benefit.

1. If You are totally disabled on the date Your coverage under this Certificate terminates, We will continue to pay for Your care under this Certificate during an uninterrupted period of total disability until the first of the following:
 - The date You are no longer totally disabled; or
 - 90 days from the date extended benefits began (if Your benefits are extended based on termination of Student status).
2. If You are pregnant on the date Your coverage under this Certificate terminates, We will continue to pay for Your maternity care under this Certificate through delivery and any post-partum services directly related to the delivery.

B. Limits on Extended Benefits.

We will not pay extended benefits:

- For any Member who is not totally disabled or pregnant on the date coverage under this Certificate ends; or
- Beyond the extent to which We would have paid benefits under this Certificate if coverage had not ended.

SECTION XXIV

Continuation of Coverage

A. Qualifying Events.

You, the Student, Your Spouse and Your Children may be able to temporarily continue coverage under this Certificate in certain situations when You would otherwise lose coverage, known as qualifying events.

1. If Your coverage ends due to the termination of Your Student status You may continue coverage. Coverage may be continued for You, Your Spouse and any of Your covered Children.
2. If You are a covered Spouse, You may continue coverage if Your coverage ends due to:
 - Termination of the Student's status as a Student;
 - Divorce or legal separation from the Student; or
 - Death of the Student.
3. If You are a covered Child, You may continue coverage if Your coverage ends due to:
 - Termination of the Student's status as a Student;
 - Loss of covered Child status under the plan rules; or
 - Death of the Student.

If You want to continue coverage, You must request continuation from Us in writing and make the first Premium payment within the 60-day period following the later of:

1. The date coverage would otherwise terminate; or
2. The date You are sent notice by first class mail of the right of continuation by Us.

Continued coverage under this section will terminate at the earliest of the following:

1. The date 90 days after the Student's coverage would have terminated because of termination of Student status;
2. If You are a covered Spouse or Child, the date 90 days after coverage would have terminated due to the death of the Student, divorce or legal separation, the Student's eligibility for Medicare, or the failure to qualify under the definition of "Children";
3. The date You become covered by an insured or uninsured arrangement that provides hospital, surgical or medical coverage;
4. The date You become entitled to Medicare;
5. The date to which Premiums are paid if You fail to make a timely payment.

SECTION XXV

Temporary Suspension Rights for Armed Forces' Members

If You, the Student, are a member of a reserve component of the armed forces of the United States, including the National Guard, You have the right to temporary suspension of coverage during active duty and reinstatement of coverage at the end of active duty if:

1. Your active duty is extended during a period when the president is authorized to order units of the reserve to active duty, provided that such additional active duty is at the request and for the convenience of the federal government; and
2. Your service ends during the Plan Year for which this Certificate is effective.

You must make written request to Us to have Your coverage suspended during a period of active duty. Your unearned Premiums will be refunded during the period of such suspension.

Upon completion of active duty, Your coverage may be resumed as long as You:

1. Make written application to Us; and
2. Remit the Premium within 60 days of the termination of active duty.

The right of resumption extends to coverage for Your Dependents. For coverage that was suspended while on active duty, coverage will be retroactive to the date on which active duty terminated.

SECTION XXVI

General Provisions

1. Agreements Between Us and Participating Providers.

Any agreement between Us and Participating Providers may only be terminated by Us or the Providers. This Certificate does not require any Provider to accept a Member as a patient. We do not guarantee a Member's admission to any Participating Provider or any health benefits program.

2. Assignment.

You cannot assign any benefits under this Certificate or legal claims based on a denial of benefits or request for plan document to any person, corporation or other organization and any such assignment will be void and unenforceable. You cannot assign any monies due under this Certificate to any person, corporation or other organization unless it is an assignment to Your Non-Participating Provider licensed under New York Public Health Law Article 30 for services described in the Ambulance and Pre-Hospital Emergency Medical Services Section of this Certificate.

Assignment means the transfer to another person, corporation or other organization of Your right to the services provided under this Certificate or Your right to collect money from Us for those services or Your right to sue based on a denial of benefits or request for plan documents. Nothing in this paragraph shall affect Your right to appoint a designee or representative as otherwise permitted by applicable law.

3. Choice of Law.

This Certificate shall be governed by the laws of the State of New York.

4. Clerical Error.

Clerical error, whether by You or Us, with respect to this Certificate, or any other documentation issued by Us in connection with this Certificate, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

5. Conformity with Law.

Any term of this Certificate which is in conflict with New York State law or with any applicable federal law that imposes additional requirements from what is required under New York State law will be amended to conform with the minimum requirements of such law.

6. Continuation of Benefit Limitations.

Some of the benefits in this Certificate may be limited to a specific number of visits, and/or subject to a Deductible. You will not be entitled to any additional benefits if Your coverage status should change during the year. For example, if Your coverage status changes from covered family member to Student, all benefits previously utilized when You were a covered family member will be applied toward Your new status as a Student.

7. Entire Agreement.

This Certificate including any endorsements, riders and the attached applications, if any, constitutes the entire Certificate.

8. Furnishing Information and Audit.

All persons covered under this Certificate will promptly furnish Us with all information and records that We may require from time to time to perform Our obligations under this Certificate. You must provide Us with information over the telephone for reasons such as the following: to allow Us to determine the level of care You need; so that We may certify care authorized by Your Physician; or to make decisions regarding the Medical Necessity of Your care.

9. Identification Cards.

Identification ("ID") cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Certificate. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

10. Incontestability.

No statement made by the Student in an application for coverage under this Certificate shall avoid the Certificate or be used in any legal proceeding unless the application or an exact copy is attached to this Certificate.

11. Independent Contractors.

Participating Providers are independent contractors. They are not Our agents or employees. We and Our employees are not the agent or employee of any Participating Provider. We are not liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries alleged to be suffered by You, or Your covered Spouse or Children while receiving care from any Participating Provider or in any Participating Provider's Facility.

12. Input in Developing Our Policies.

Students may participate in the development of Our policies by participating in the Student Health Benefit Advisory Committee or communicating with a representative of the Student, Graduate/Professional Student, or University Assemblies. For more information see: <https://studenthealthbenefits.cornell.edu/about/student-health-benefits-advisory-committee>.

13. Material Accessibility.

We will give You ID cards, Certificates, riders and other necessary materials.

14. More Information about Your Health Plan.

You can request additional information about Your coverage under this Certificate. Upon Your request, We will provide the following information:

- A list of the names, business addresses and official positions of Our board of directors, officers and members; and Our most recent annual certified financial statement which includes a balance sheet and a summary of the receipts and disbursements.
- The information that We provide the State regarding Our consumer complaints.
- A copy of Our procedures for maintaining confidentiality of Member information.
- A copy of Our drug formulary. You may also inquire if a specific drug is Covered under this Certificate.
- A written description of Our quality assurance program.
- A copy of Our medical policy regarding an experimental or investigational drug, medical device or treatment in clinical trials.
- Provider affiliations with participating Hospitals.
- A copy of Our clinical review criteria (e.g., Medical Necessity criteria), and where appropriate, other clinical information We may consider regarding a specific disease, course of treatment or Utilization Review guidelines, including clinical review criteria relating to a step therapy protocol override determination.
- Written application procedures and minimum qualification requirements for Providers.
- Documents that contain the processes, strategies evidentiary standards, and other factors used to apply a treatment limitation with respect to medical/surgical benefits and mental health or substance use disorder benefits under the Certificate.

15. Notice.

Any notice that We give You under this Certificate will be mailed to Your address as it appears in Our records or delivered electronically if You consent to electronic delivery. If notice is delivered to You electronically, You may also request a copy of the notice from Us. You agree to provide Us with notice of any change of Your address. If You have to give Us any notice, it should be sent by U.S. mail, first class, postage prepaid to: Cornell University Office of Student Health Benefits, 395 Pine Tree Rd, Ithaca, NY, 14850.

16. Premium Refund.

We will give any refund of Premiums which are paid by You, if due, to You.

17. Recovery of Overpayments.

On occasion, a payment will be made to You when You are not covered, for a service that is not Covered, or which is more than is proper. When this happens, We will explain the problem to You and You must return the amount of the overpayment to Us within 60 days after receiving notification from Us. However, We shall not initiate overpayment recovery efforts more than 24 months after the original payment was made unless We have a reasonable belief of fraud or other intentional misconduct.

18. Reinstatement after Default.

If the Student defaults in making any payment under this Certificate, the subsequent acceptance of payment by Us shall reinstate the Certificate.

19. Right to Develop Guidelines and Administrative Rules.

We may develop or adopt standards that describe in more detail when We will or will not make payments under this Certificate. Examples of the use of the standards are to determine whether: Hospital inpatient care was Medically Necessary; surgery was Medically Necessary to treat Your illness or injury; or certain services are skilled care. Those standards will not be contrary to the descriptions in this Certificate. If You have a question about the standards that apply to a particular benefit, You may contact Us and We will explain the standards or send You a copy of the standards. We may also develop administrative rules pertaining to enrollment and other administrative matters. We shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the administration of this Certificate.

We review and evaluate new technology according to technology evaluation criteria developed by Our medical directors and reviewed by a designated committee, which consists of Health Care Professionals from various medical specialties. Conclusions of the committee are incorporated into Our medical policies to establish decision protocols for determining whether a service is Medically Necessary, experimental or investigational, or included as a covered benefit.

20. Right to Offset.

If We make a claim payment to You or on Your behalf in error or You owe Us any money, You must repay the amount You owe Us. Except as otherwise required by law, if We owe You a payment for other claims received, We have the right to subtract any amount You owe Us from any payment We owe You.

21. Severability.

The unenforceability or invalidity of any provision of this Certificate shall not affect the validity and enforceability of the remainder of this Certificate.

22. Significant Change in Circumstances.

If We are unable to arrange for Covered Services as provided under this Certificate as the result of events outside of Our control, We will make a good faith effort to make alternative arrangements. These events would include a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of Participating Providers' personnel, or similar causes. We will make reasonable attempts to arrange for Covered Services. We and Our Participating Providers will not be liable for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by such an event.

23. Subrogation and Reimbursement.

These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for Your injury, illness or other condition and We have provided benefits related to that injury, illness or condition. As permitted by applicable state law,

unless preempted by federal law, We may be subrogated to all rights of recovery against any such party (including Your own insurance carrier) for the benefits We have provided to You under this Certificate. Subrogation means that We have the right, independently of You, to proceed directly against the other party to recover the benefits that We have provided.

Subject to applicable state law, unless preempted by federal law, We may have a right of reimbursement if You or anyone on Your behalf receives payment from any responsible party (including Your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which We provided benefits. Under Section 5-335 of the New York General Obligations Law, Our right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it shall be deemed that You did not take any action against Our rights or violate any contract between You and Us. The law conclusively presumes that the settlement between You and the responsible party does not include any compensation for the cost of health care services for which We provided benefits.

We request that You notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by You for which We have provided benefits. You must provide all information requested by Us or Our representatives including, but not limited to, completing and submitting any applications or other forms or statements as We may reasonably request.

24. Third Party Beneficiaries.

No third party beneficiaries are intended to be created by this Certificate and nothing in this Certificate shall confer upon any person or entity other than You or Us any right, benefit, or remedy of any nature whatsoever under or by reason of this Certificate. No other party can enforce this Certificate's provisions or seek any remedy arising out of either Our or Your performance or failure to perform any portion of this Certificate, or to bring an action or pursuit for the breach of any terms of this Certificate.

25. Time to Sue.

No action at law or in equity may be maintained against Us prior to the expiration of 60 days after written submission of a claim has been furnished to Us as required in this Certificate. You must start any lawsuit against Us under this Certificate within three (3) years from the date the claim was required to be filed.

26. Translation Services.

Translation services are available under this Certificate for non-English speaking Members. Please contact Us at the number on Your ID card to access these services.

27. Venue for Legal Action.

If a dispute arises under this Certificate, it must be resolved in a court located in the State of New York. You agree not to start a lawsuit against Us in a court anywhere else. You also consent to New York State courts having personal jurisdiction over You. That means that, when the proper procedures for starting a lawsuit in these courts have been followed, the courts can order You to defend any action We bring against You.

28. Waiver.

The waiver by any party of any breach of any provision of this Certificate will not be construed as a waiver of any subsequent breach of the same or any other provision. The failure to exercise any right hereunder will not operate as a waiver of such right.

29. Who May Change this Certificate.

This Certificate may not be modified, amended, or changed, except in writing and signed by Our Executive Vice President and Chief Financial Officer (“EVP/CFO”) or a person designated by the EVP/CFO. No employee, agent, or other person is authorized to interpret, amend, modify, or otherwise change this Certificate in a manner that expands or limits the scope of coverage, or the conditions of eligibility, enrollment, or participation, unless in writing and signed by the EVP/CFO or person designated by the EVP/CFO.

30. Who Receives Payment under this Certificate.

Payments under this Certificate for services provided by a Participating Provider will be made directly by Us to the Provider. If You receive services from a Non-Participating Provider, We reserve the right to pay either You or the Provider. However, We will directly pay a Provider instead of You for Emergency Services, including inpatient services following Emergency Department Care, air ambulance services, and surprise bills. For pre-hospital emergency medical services, emergency ground and water ambulance transportation, and non-emergency ambulance transportation, if You assign benefits to a Non-Participating Provider licensed under New York Public Health Law Article 30, We will pay the Non-Participating Provider directly. If You do not assign benefits to a Non-Participating Provider licensed under New York Public Health Law Article 30, We will pay You and the Non-Participating Provider jointly.

31. Workers’ Compensation Not Affected.

The coverage provided under this Certificate is not in lieu of and does not affect any requirements for coverage by workers’ compensation insurance or law.

32. Your Medical Records and Reports.

In order to provide Your coverage under this Certificate, it may be necessary for Us to obtain Your medical records and information from Providers who treated You. Our actions to provide that coverage include processing Your claims, reviewing Grievances, Appeals or complaints involving Your care, and quality assurance reviews of Your care, whether based on a specific complaint or a routine audit of randomly selected cases. By accepting coverage under this Certificate, except as prohibited by state or federal law, You automatically give Us or Our designee permission to obtain and use Your medical records for those purposes and You authorize each and every Provider who renders services to You to:

- Disclose all facts pertaining to Your care, treatment, and physical condition to Us or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim, or in connection with a complaint or quality of care review;
- Render reports pertaining to Your care, treatment, and physical condition to Us, or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim; and
- Permit copying of Your medical records by Us.

We agree to maintain Your medical information in accordance with state and federal confidentiality requirements. However, to the extent permitted under state or federal law, You automatically give Us permission to share Your information with the New York State Department of Health, quality oversight organizations, and third parties with which We contract to assist Us in administering this Certificate, so long as they also agree to maintain the information in accordance with state and federal confidentiality requirements.

32. Your Rights and Responsibilities.

As a Member, You have rights and responsibilities when receiving health care. As Your health care partner, We want to make sure Your rights are respected while providing Your health benefits. You have the right to obtain complete and current information concerning a diagnosis, treatment and prognosis from a Physician or other Provider in terms You can reasonably understand. When it is not advisable to give such information to You, the information shall be made available to an appropriate person acting on Your behalf.

You have the right to receive information from Your Physician or other Provider that You need in order to give Your informed consent prior to the start of any procedure or treatment.

You have the right to refuse treatment to the extent permitted by law and to be informed of the medical consequences of that action.

You have the right to formulate advance directives regarding Your care.

You have the right to access Our Participating Providers.

As a Member, You should also take an active role in Your care. We encourage You to:

- Understand Your health problems as well as You can and work with Your Providers to make a treatment plan that You all agree on;
- Follow the treatment plan that You have agreed on with Your doctors or Providers;
- Give Us, Your doctors and other Providers the information needed to help You get the care You need and all the benefits You are eligible for under Your Certificate. This may include information about other health insurance benefits You have along with Your coverage with Us; and

- Inform Us if You have any changes to Your name, address or Dependents covered under Your Certificate.
