Limitations

Alternate Benefits: Where two or more professionally acceptable dental treatments for a dental condition exist, reimbursement is based on the least costly treatment alternative. If you and your dentist have agreed on a treatment that is more costly than the treatment upon which the plan benefit is based, you will be responsible for any additional payment responsibility. To avoid any misunderstandings, we suggest you discuss treatment options with your dentist before services are rendered, and obtain a pre-treatment estimate of benefits prior to receiving certain high cost services such as crowns, bridges or dentures. You and your dentist will each receive an Explanation of Benefits (EOB) outlining the services provided, your plan's reimbursement for those services, and your out-of-pocket expense. Actual payments may vary from the pretreatment estimate depending upon annual maximums, plan frequency limits, deductibles and other limits applicable at time of payment.

Cancellation/Termination of Benefits: Coverage is provided under a group insurance policy (Policy form GBKKT21-DENTAL) issued by MetLife. Coverage terminates when your dental contributions cease or upon termination of the group policy by the Policyholder or MetLife. The group policy terminates for non-payment of premium and may terminate if participation requirements are not met or if the Policyholder fails to perform any obligations under the policy. The following services that are in progress while coverage is in effect will be paid after the coverage ends, if the applicable installment or the treatment is finished within 31 days after individual termination of coverage: Completion of a prosthetic device, crown or root canal therapy.

1. Preventive services (Type A) are 100% covered when you visit an in-network participating dentist. Subject to frequency limitations.
2. Your out-of-pocket costs may be greater when you visit a dentist who does not participate in the MetLife network.
3. Based on MetLife data. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for certain services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. Negotiated fees do not apply to non-covered services in states that prohibit limitations for services not covered under a plan. Participating providers in these states may charge their non-negotiated fees for non-covered services. Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit a dentist and the cost of services rendered.

Coverage may not be available in all states. Please contact the Third-Party Administrator, Member Benefits at 1-800-282-8626 for more information regarding enrollment. Please contact MetLife customer service for benefit questions at 1-800-942-0854.

Rates may be changed on the entire group plan or on a class basis and on any premium due date on which benefits are changed. A class is a group of people defined in the group policy. Benefits are subject to change upon agreement between Metropolitan Life Insurance Company and the participating organization.

The plan administrator incurs costs in connection with providing oversight and administrative support for this sponsored plan. To provide and maintain this valuable membership benefit, MetLife may compensate the association and/or the plan administrator for these and/or other costs.

Like most group benefit programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, reductions, limitations, waiting periods and terms for keeping them in force. Please contact your plan administrator Member Benefits at 1-800-282-8626 for costs and complete details.
